An outline of acquisition information for upcoming business opportunities in BES for the next 18 months

OBJECTIVE

Enhance communications between members of Industry and the Business and Enterprise Systems (BES) Directorate

DISCLAIMER

The following opportunities listed in the Smart Guide are speculative and the appearance of the information in this document or website in no way guarantees a contract action will be awarded. There is no guarantee as to the requirements described in this document and as to the form or type of acquisition for each of these projected requirements. The Air Force will not guarantee form and/or timing of later notifications (e.g. RFQ, RFP, BPA, Task Order, etc). It is the responsibility of interested parties to follow-up diligently in order to determine if and when a solicitation is advertised.

Air Force Geospatial Information Management System (AFGIMS)

Capability Delivery Manager:
Mr. Robert Hopek: (334) 416-6137

Contracting Officer:
Ms. Cynthia Dodd: (334) 416-4193

Program Description: AFGIMS provides a Geographic Information System (GIS) that represents real-world features and conditions for AF installations, ranges, and property by depicting real objects such as runways, buildings, etc., as digital maps.

Objective: Develop, sustain, and operate all aspects of the AFGIMS system.

Scope: Contractor shall provide development of new capabilities, support and maintain existing capabilities, operate Service Desk, operate the Cloud hosted development, testing, and production environments, provide support across all life cycle areas of system development and maintenance. The contractor will serve as the lead for all agile process areas.

Acquisition Approach:

Small Business Administration 8(a) Competitive

Period of Performance:

September 2025 – March 2031 (One-year base period plus four 1-year option periods; and one 6-month extension)

Anticipated FOPR Release Date:

1QFY25

Estimated Dollar Value:

\$20M – \$25M

NAICS Code:

541512 – Computer Systems Design Services

Small Business Set Aside:

Yes

Incumbent:

Solutions71, LLC, FA8771-19-C-0009

Enterprise Environmental Safety and Occupational Health – Management Information System (EESOH-MIS)

Capability Delivery Manager:
Mr. Roger Zinke: (334) 416-6694

Contracting Officer:
Ms. Cynthia Dodd: (334) 416-4193

Program Description: EESOH-MIS is a comprehensive Air Force owned joint enterprise Defense Business System for the collection and reporting on environmental, safety, and occupational health data. EESOH-MIS supports cross-functional base level and headquarters functions to track inventory, report, monitor and authorize hazardous materials, dispose of hazardous waste, manage environmental restoration, and mandatory DoD environmental reporting compliance, to include the annual report to Congress.

Objective: Provide continuous sustainment and maintenance capabilities to EESOH-MIS.

Scope: Contractor shall provide Agile support and maintain existing capabilities, deliver Development Security Operations (DevSecOps) continuous capability development/sustainment (CCD/S) support necessary to maintain and enhance the fielded baselines (software, technical, and online repositories), Help Desk Tier I, II ,and III services, and Data Stewarding activities necessary to sustain the EESOH-MIS application.

Acquisition Approach:

Competitive SBEAS

Period of Performance:

April 2025 – October 2030 (One-year base period plus four 1-year option periods; and one 6-month extension)

Anticipated RFP Release Date:

4QFY24

Estimated Dollar Value:

\$48M - \$53M

NAICS Code:

541511 – Custom Computer Programming Services

Small Business Set Aside:

Yes

Incumbent:

Financial Improvement and Audit Remediation (FIAR)

Capability Delivery Manager:
Ms. Jekethia Rainge: (312) 596-5336

Contracting Officer:
Ms. Cynthia Dodd: (334) 416-4193

Program Description: This support effort is at the GB4 level and provides overall financial audit expertise for all programs within the GB4 portfolio.

Objective: Obtain Financial Improvement and Audit Remediation (FIAR) support services for assessment, remediation and validation of AFLCMC/GB4 programs.

Scope: To provide FIAR audit readiness support for all the GB4 programs which are at different stages of audit and assessment. The task spans the entire spectrum ranging from those programs awaiting Government compliance reviews to those in post-assessment support activities. Support effort includes expertise in the use of and support for various cloud-based FIAR status and tracking toolsets.

Acquisition Approach:

Competitive 8(a) STARS III

Period of Performance:

June 2024 – June 2029 (One-year base period plus four 1-year option periods)

Anticipated RFP Release Date:

Subject Matter Expert (SME)

Capability Delivery Manager:
Ms. Danielle Meeksharshaw: (937) 713-1973

Contracting Officer:
Mr. Scott Ashelman: TEAMS

Program Description: The purpose and objective of the Subject Matter Expert (SME) II acquisition is to obtain SME support for Program Management Offices (PMOs) residing within the Air Force Life Cycle Management Center (AFLCMC) Business Enterprise Systems (BES) Logistics Readiness (GBS) and Logistics Maintenance (GBM) Divisions.

Objective: Provide PMOs with contractor support personnel having functional and technical expertise for the Enterprise Logistics systems within GBS and GBM

Scope: To provide technical expertise on logistics systems, systems integration, software development, test, operations and maintenance, documentation, and reviews for the current and future Cloud environment for the capability delivery teams.

To work with customer/development/sustainment contractors on the design, development, analysis, and test to meet functional and technical requirements.

To assist with the requirements for agile sprint planning and agile collaboration tools such as Jira and Confluence and other similar tools.

To ensure functional requirements are met, to include Financial Improvement and Audit Readiness (FIAR), Federal Information System Controls Audit Manual (FISCAM), and National Institute of Standards and Technology (NIST) as applicable.

Acquisition Approach:

Small Business Enterprise Applications Solutions (SBEAS)

Period of Performance:

June 2024 – June 2029 (One year base period plus four 1-year option periods)

Anticipated FOPR Release Date:

2QFY24

Logistics Feasibility Analysis Capability (LOGFAC)

Capability Delivery Manager:
1Lt Jesus Parra: (334) 416-4886

Contracting Officer:
Ms. Catrina Lewis: (334) 416-5125

Program Description: LOGFAC is designated as a National Security System (NSS) and Command and Control (C2) system. LOGFAC provides the warfighter with an accurate assessment of the AF WRM stockpile, aircraft consumable/non-consumable requirements based on Wartime Aircraft Activity, the AF Wartime Consumable Distribution Objective, and shortfalls/overages. It is a mathematically intense application enriched with complex algorithms that produce feasibility assessments for executing plans. Produces associated cost estimates for wartime requirements. Accessible via SIPRNET.

Objective: Software Operations and Sustainment support.

Scope: The US Air Force (USAF) seeks to sustain, ensure continuity of operational service, and enhance system functionality for end-users utilizing product teams for LOGFAC based on system needs. This includes user story collaboration, needs analysis, coordination of design, software development, incorporating Risk Management Framework (RMF) concepts to meet RMF objectives, code and unit testing, database and system administration, integration testing, implementation, and sustainment. These continuous development projects will use agile development principles, with robust documentation, user-centered design, and an extensible infrastructure.

Acquisition Approach:

Small Business Enterprise Applications Solutions (SBEAS)

Period of Performance:

April 2025 – April 2029 (One-year base period plus three 1-year option periods)

Inspector General Evaluation Management System (IGEMS) & Management Internal Control Toolset (MICT)

Capability Delivery Manager:
Capt Ricky Frye: 937-416-3602

Contracting Officer:
Ms. Kate Compton

Program Description: Management Internal Control Toolkit (MICT) & the Inspector General Evaluation Management System (IGEMS) provides The Inspector General (TIG) of the Secretary of the Air Force (SAF) and Major Commanders (MAJCOM), Field Operating Agency (FOA), and Direct Reporting Units (DRUs) Inspector Generals (IGs) with automated capabilities to manage Air Force (AF) formal inspections, as well as unit level checklist and serves as a checklist repository.

Objective:
Software Development, Operations, Sustainment Support, including Help Desk Support

Scope:
Maintain, update, and develop the IGEMS, IGEMS-C, and MICT applications. Additionally, Help Desk support is required for end user support, as well as field training.

Acquisition Approach:

Project Management Resource Tools (PMRT)

Capability Delivery Manager:
Mr. Ben Carpenter (Acting): 937-424-6496

Contracting Officer:
Mr. James Wilson: 937-257-3246

Program Description: The Project Management Resource Tools (PMRT) is an Air Force Defense Business System suite of applications designed to support several key facets of program and financial management. PMRT is used by the acquisition workforce to automate day-to-day business processes, support analysis and business intelligence requirements and report associated funding and programmatic status.

Objective: This task order ensures the provision of maintenance licenses, software operations and sustainment support.

Scope: Currently in option period 3 (4th year) of a 5-year sustainment task order. The primary scope of this sustainment task order is focused on continuous capability delivery for PMRT applications and services, associated documentation support, operations and platform management, technical and programmatic support, user training and help desk services. Maintenance and sustainment for the PMRT program supports operations, platform, infrastructure, and program management to ensure continuous operation and availability of current and future PMRT capabilities. Sustainment activities include the maintenance, development, and test of interfaces with other required systems.

Acquisition Approach:

Pending Market Research

Period of Performance:

DEAMS Software as a Service (SaaS) Study

Capability Delivery Manager:
Ms. Ericka Thomas: (937) 904-0833

Contracting Officer:
Capt Jason Kyles: (937) 713-0948

Program Description: DEAMS is an accounting Enterprise Resource Planning (ERP) solution based on the Oracle e-Business Suite (EBS), for the USAF and the United States Transportation Command (USTRANSCOM) as established by the Assistant Secretary of the Air Force, Financial Management and Comptroller (SAF/FM). DEAMS provides accurate and timely financial information using standardized business rules and processes and complies with existing laws, regulations and policies. DEAMS is a long-term solution toward sustaining audit readiness and correcting financial reporting weaknesses. The Program and Functional Management Offices reside at Wright-Patterson AFB in Dayton, Ohio.

Objective: Continued Development and Sustainment of the DEAMS Enterprise Resource Planning (ERP) System to achieve a fully integrated, auditable financial management system.

Scope: Provide a comprehensive study that provides recommendations for the DEAMS program to most efficiently transition from Oracle eBusiness Suite (EBS) COTS hosting environment in an IaaS model to Oracle Fusion Cloud Financials hosted in a SaaS model with the least impact to the DEAMS end user.

Acquisition Approach:

8(a) Direct Award via a TBD GWAC

Period of Performance:

2QFY25 – 3QFY25

Anticipated RFP Release Date:

4QFY24

Estimated Dollar Value:

DEAMS Oracle Cloud Migration Customer Success Services (CSS)

Capability Delivery Manager:
Mr. Chase Darlington (928) 864-8094

Contracting Officer:
Capt Jason Kyles: (937) 713-0948

Program Description: DEAMS is an accounting Enterprise Resource Planning (ERP) solution based on the Oracle e-Business Suite (EBS), for the USAF and the United States Transportation Command (USTRANSCOM) as established by the Assistant Secretary of the Air Force, Financial Management and Comptroller (SAF/FM). DEAMS provides accurate and timely financial information using standardized business rules and processes and complies with existing laws, regulations and policies. DEAMS is a long-term solution toward sustaining audit readiness and correcting financial reporting weaknesses. The Program and Functional Management Offices reside at Wright-Patterson AFB in Dayton, Ohio.

Objective: Continued Development and Sustainment of the DEAMS Enterprise Resource Planning (ERP) System to achieve a fully integrated, auditable financial management system.

Scope: Continue assisting the migration of DEAMS Production from DISA to CloudOne OCI. The DEAMS requirement is for Oracle Customer Success Services (CSS) which provides Oracle technical Subject Matter Experts (SME) in areas of Information System (IS) Architecture, Cybersecurity, Operations, Test and various other domains as required by the PMO. This procurement of CSS will continue to support planning and execution of the migration of the DEAMS Production Environment from DISA to the AF CloudOne.

DEAMS Managed Cloud Services – Oracle Cloud Infrastructure

Capability Delivery Managers:
Lt Brad Ivey: (321) 848-3326

Contracting Officer:
Mrs. Jennifer DeQuinzio: (937) 713-1678

Program Description: DEAMS is an accounting Enterprise Resource Planning (ERP) solution based on the Oracle e-Business Suite (EBS), for the USAF and the United States Transportation Command (USTRANSCOM) as established by the Assistant Secretary of the Air Force, Financial Management and Comptroller (SAF/FM). DEAMS provides accurate and timely financial information using standardized business rules and processes and complies with existing laws, regulations and policies. DEAMS is a long-term solution toward sustaining audit readiness and correcting financial reporting weaknesses. The Program and Functional Management Offices reside at Wright-Patterson AFB in Dayton, Ohio.

Objective: Continued Development and Sustainment of the DEAMS Enterprise Resource Planning (ERP) System to achieve a fully integrated, auditable financial management system.

Scope: Provide continued Oracle Cloud Infrastructure (OCI) services and support for the DEAMS development, DevSecOps, and VPN tenancies. OCI facilitates the DEAMS Program's Infrastructure as a Service (IaaS), Software as a Service (SaaS), and Platform as a Service (PaaS) native solutions.

Acquisition Approach:

Full and Open FFP via NASA SEWP

Keystone Decision Support Systems (KDSS) / Command Management System (CMS)

Capability Delivery Manager:
Mr. Sean Halpin: (937) 416-2532

Contracting Officer:
Ms. Amanda Stull: (937) 689-0245

Program Description: KDSS is Air Force Working Capital Fund (AFWCF) data warehouse that allows financial and logistics decision makers to effectively manage the \$20B+ AFWCF budget and provides a Budget Development Tool to support AFMC and USTRANSCOM budget development, exhibit preparation and justification (J-Book) formatting/printing of the AFWCF budget.

CMS provides Air Force Materiel Command (AFMC) the ability to build/refine the AFMC annual Program Objective Memorandum (POM) submission (approx. \$13B) and Program Element Monitors at HQs Air Force to review AFMC’s POM input. CMS Supports AFMC/Agile Combat Support core functions lead integrator POM submissions and assists AFMC staff in allocating resource requirements and funding for command products and services.

Objective: Continued Sustainment of the KDSS and CMS systems and migration to the Cloud environment.

Scope: Agile software releases, system sustainment, Level 3 help desk, user training.
