BUSINESS AND ENTERPRISE SYSTEMS DIRECTORATE

17TH ANNUAL

VENDOR INDUSTRY DAY

AGENDA

Time	Event
1245 – 1315	**ATTENDEE CHECK-IN**
1315 – 1320	**WELCOME – CALEB JACKSON, FIRST LIEUTENANT, USAF**
1320 – 1325	**OPENING REMARKS – MR. CHUCK JETER** Chief of Staff, Business and Enterprise Systems Directorate
1325 – 1425	**A CHAT WITH THE DIRECTORATE: WHAT'S ON YOUR MIND AND OURS** MR. CHUCK JETER, Chief of Staff MR. WILLIAM ALTHOFF, Chief of Contracts COL CECILIA WATKINS, Senior Material Leader (SML) and Director, Enterprise Logistics Systems MS. KATIE SERRANO, Chief, Services Management MODERATOR: MS. YOLANDA MCCAIN, Director, Small Business Programs **LOOKING FORWARD WITH SOFTWARE AND BUSINESS SYSTEMS CAPABILITIES: FUTURE CONSIDERATIONS AND PAST OBSERVATIONS – TRENDS AND BEST PRACTICES** MR. ERIC ROETTGEN, Deputy, Technical Services MS. CATRINA LEWIS, Contracting Branch Chief, Mission Support Systems LT COL DONALD GRUBER, Materiel Leader and Product Line Manager, War Planning & Execution Systems MR. J.B. CARTERET, Product Line Manager, Base Distribution and Accountability MS. JULIE QRYS, Lead, BES Shared Services MODERATOR: MR. ORIN HENDERSON, Contracting Division Chief, Mission Support Systems
1425 – 1430	**BREAK**

Time	Event
1430 – 1515	**UPCOMING ACQUISITION OPPORTUNITIES*** **ENTERPRISE LOGISTICS SYSTEMS** PROGRAMS TO BRIEF: - Acquisition Due-In System (ADIS) / Contracting Information Database System (CIDS) - Purchase Request Process System (PRPS) - Cargo and Personnel Movement System (CPM) Family of Systems (FoS) **MISSION SUPPORT SYSTEMS** PROGRAMS TO BRIEF: - Integrated Budget Documentation Execution System (IDECS) - Logistics Module (LOGMOD) - Base Support and Expeditionary (BaS&E) **FINANCIAL SUPPORT SYSTEMS** PROGRAM TO BRIEF: - DEAMS Agile System Integrator (DASI)
1515 – 1520	**FINAL VID REMARKS – MS. YOLANDA MCCAIN** Director, Small Business Programs, Business and Enterprise Systems Directorate
1520 – 1525	**CLOSING REMARKS – CALEB JACKSON, FIRST LIEUTENANT, USAF**
1530 – 1600	**NETWORKING*** *An informal opportunity to connect with limited Government personnel and fellow Industry attendees. It is not a matchmaking or formal pitch-style event. The session will take place in the MPAC auditorium immediately following the conclusion of VID.

DISCLAIMER

Any opportunities or information shared is speculative and in no way guarantees a contract action will be taken. There is no guarantee as to the government processes or requirements discussed and as to the form or type of acquisition for any requirement. The Air Force will not guarantee form and/or timing of later notifications such as RFQ, RFP, BPA, Task orders, etc. It is the responsibility of interested parties to follow-up diligently in order to determine if, when, and by what means a requirement is made public and the procedures for that specific requirement.

ACQUISITION & DUE-IN SYSTEM (ADIS) & CONTRACTING INFORMATION DATABASE (CIDS)

MR. J.B. CARTERET

PRODUCT LINE MANAGER, BASE DISTRIBUTION & ACCOUNTABILITY

- **Scope of work:** Support includes but is not limited to software development and maintenance; help desk and production support; compliance such as Financial Improvement and Audit Readiness (FIAR) and Standard Financial Information Structure (SFIS); and technical liaison support for Headquarters (HQ) Air Force Materiel Command (AFMC)/A4N, Air Force Sustainment Center (AFSC)/LGPS, and HQ AFMC/PK (e.g., portfolio managers and customers). Additional responsibilities include development of architectural and interface documentation; preparation of Security Technical Implementation Guidance (STIG) documentation necessary to obtain Authority to Operate (ATO); and support for taskers, subsumption, decommission, and audits.

- **Anticipated Dollar Value:** ~ $6M - $7M

- **Anticipated Acquisition Strategy:** 8(a) Direct Award

- **Anticipated Period of Performance:** January 2026 – January 2031

- **Current State:** Final Option year for current sustainment contract

- **Priorities/Challenges/Opportunities:** Priority - Conversion of File Transfer Protocol (FTP) interfaces to Secured File Transfer Protocol (SFTP)

- **Future considerations:** The primary focus remains on the planned migration of ADIS to ESCAPE, anticipated in September 2027

- **PM:** Eddy Huang   eddy.huang@us.af.mil

- **PCO:** Maj. Ronald Hirsch   ronald.hirsch.1@us.af.mil

PURCHASE REQUEST PROCESS SYSTEM (PRPS)

MR. J.B. CARTERET

PRODUCT LINE MANAGER, BASE DISTRIBUTION & ACCOUNTABILITY

PURCHASE REQUEST PROCESS SYSTEM (PRPS)

- **Scope of work:** Provide operational support and software development/maintenance for PRPS, to include system performance monitoring, provide operational troubleshooting support, evaluate product backlog items, conduct agile software development, software security/vulnerabilities, and provide database administration and support.

- **Anticipated Dollar Value:** ~ $16M – $20M

- **Anticipated Acquisition Strategy:** FAR 16.5 – Small Business Enterprise Applications Solutions (SBEAS)

- **Anticipated Period of Performance:** January 2026 – January 2031

- **Current State:** Final Option year for current sustainment contract

- **Priorities/Challenges/Opportunities:** Priority – reducing technical debt, Opportunity – continued maturity with Agile Software Development

- **Future considerations:** Provide more automation and continuous integration/continuous delivery (CI/CD) capabilities for PRPS

- **PM: Ms. Regina Foster**, AFLCMC/GBS, regina.foster@us.af.mil

- **PCO: Ms. Ashley Decker,** AFLCMC/GBKA, ashley.decker.5@us.af.mil

CARGO & PERSONNEL MOVEMENT FAMILY OF SYSTEMS (CPM FOS)

MS. CHRISTINA HENDERSON

PROGRAM MANAGER, CARGO MOVEMENT OPERATIONS SYSTEM

CARGO AND PERSONNEL MOVEMENT FAMILY OF SYSTEMS (CPM FOS)

- **Scope of work:** Provide support to Cargo Movement Operations System (CMOS), On-Line Vehicle Interactive Management System (OLVIMS), Movement Automated Records Keeping System (MARKS), and other applications as assigned to the Transportation Systems Section. The contractor must provide CPM FoS life cycle support activities, which are divided in three service groups: Business Services, Customer and Functional Services, and Technical Services. Life cycle support includes management functions, operations, security, test, integration, implementation, training, sustainment, and help desk support. The Government will collaborate with industry to enhance system capabilities and maintain the existing system and product using Agile continuous development methodologies.

- **Anticipated Dollar Value:** ~ $44.5M

- **Acquisition Strategy:** Small Business Enterprise Applications Solutions (SBEAS)

- **Anticipated Period of Performance:** August 2025 – August 2030 (tentative)

- **Current State:** Extension of Service bridge contract

- **Priorities/Challenges/Opportunities:** Priority reduce technical debt, transition CMOS to a cloud environment, establish a release battle rhythm for all programs, continue to acclimate to the agile model.

- **Future considerations:** Streamline CPM processes such as agile implementation, cybersecurity support, and engineering support; ultimately, modernizing cargo movement capabilities for the warfighter.

- **PLM:** Bernadette Hollinger bernadette.hollinger.2@us.af.mil

- **POC:** PCO Adam Golden adam.golden.1@us.af.mil

INTEGRATED BUDGET DOCUMENTATION & EXECUTION SYSTEM (IDECS)

MS. JAYLENE CARTERET

CHIEF, MISSION SUPPORT SYSTEMS

INTEGRATED BUDGET DOCUMENTATION & EXECUTION SYSTEM (IDECS)

- **Scope of work:** To provide programmatic, functional and both general and specialized technical support to ensure publication, training, delivery, operation and management, maintenance, sustainment and release of IDECS AF (DAF & USAF) budget justification materials to intended recipients

- **Anticipated Dollar Value:** ~ $3.5M (based on Estimated Deployment Date for SAF/FM's consolidation efforts)

- **Anticipated Acquisition Strategy:** FAR 16.5

- **Anticipated Period of Performance:** September 2026 – December 2027

- **Current State:** Sustainment and Implementation IGA-SailPoint

- **Priorities/Challenges/Opportunities:**

  - Two major outputs/year -- Budget Estimate Submission (~1 August – mid-September); President's Budget (~late-December – first Monday in February)

  - Address maintenance (cybersecurity impacts mitigations; software maintenance; backlog)

- **Future considerations: (automation/tools, critical milestones/events, migration schedule)**

  - Awaiting SAF/FM Portfolio determination (direction/roadmap) for IDECS

    - Estimated start date – FY26 (Oct 2025); Estimated deployment date – FY28 (Dec 2027)

LOGISTICS MODULE (LOGMOD)

MS. MAKEYSHA MCKINNIS

CAPABILITY DELIVERY MANAGER

LOGISTICS MODULE (LOGMOD)

- **Scope of work:** The U.S. Air Force (USAF) seeks to sustain, ensure continuity of operational service, and enhance system functionality for end-users utilizing a product team for support of LOGMOD. This includes user story collaboration, needs analysis, coordination of design, software development, incorporating Risk Management Framework (RMF) concepts to meet RMF objectives, code and unit testing, database and system administration, integration testing, implementation, and sustainment. These continuous development projects will use Agile development principles, with robust documentation, user-centered design, and an extensible infrastructure. During the contract period the government expects to transition the system from a JAVA/Oracle code base to a SalesForce low-code / no-code system. Refactoring will be performed by the Government Innovation Team with follow on contract support.

- **Anticipated Dollar Value:** ~ $3.5M – $4.5M

- **Anticipated Acquisition Strategy:** 8(a) Direct Award

- **Anticipated Period of Performance:** April 2026 – March 2029

- **Current State:** Sustainment

- **Priorities/Challenges/Opportunities:** Transition from current code base to SalesForce

- **Future considerations:** Continue development w/ interface partner requirements
