**Project Name:** Commercial Asset Visibility (CAV AF)

**Program Description:** CAV AF is a service component system that allows the AF to manage and track Contract Depot Maintenance (CDM) done at contractor facilities and government furnished material issued to the contractor. About \$2.3B of CDM will be processed annually in CAV AF.

**Objective:** Air Force (CAV-AF) Sustainment Support includes Application Integration Services, System Management and Administration Services, Database Services, Application Hosting and Infrastructure Services and Administrative Support Services.

**Scope:** Requires systems engineering processes including, but not limited to: requirements development, technical management and control, system/software design and architecture, integrated risk management, configuration management, data management, decision analysis and resolution, project management, organizational process definition and focus, test and evaluation, verification and validation practices.

**Acquisition Approach:** 8(a) Sole Source Direct Award

**Period of Performance:** July 2017 – July 2022 (One year base period plus four 1-year option periods)

**Anticipated RFP Release Date:** 4Q FY17

**Estimated Dollar Value:** \$3M – \$4M

**NAICS Code:** 541519 – Other Computer Related Services

**Small Business Set Aside:** Yes

**Incumbent:** Array Information Technology, Inc., FA8770-16-F-0008

**POCs:** Program Manager – Mr. Curtis Carr

[curtis.carr.3@us.af.mil](mailto:curtis.carr.3@us.af.mil)

937-904-0636; DSN: 674-0636

Contracting Officer – Ms. Kelsey Emory

[kelsey.emory@us.af.mil](mailto:kelsey.emory@us.af.mil)

937-257-6799; DSN: 787-6799

**Project Name:** Integrated Logistics System – Supply (ILS-S) – Sustainment

**Program Description:** ILS-S is a collection of retail supply capabilities working together to provide an enterprise-level view to Air Force retail supply customers, to manage materiel and supplies located in warehouses, in-transit, in maintenance repair, in the custody of users and in garrison and deployed locations.

**Objective:** Provides development and sustainment support for ILS-S. Development and sustainment support will be off-site (at contractor facility). Task management activities will be located on-site at Maxwell AFB-Gunter Annex, AL.

**Scope:** Provide application services (sustainment and development) to support the Integrated Logistics Systems-Supply (ILS-S) Program Office in the 1) development, testing, and fielding of approved USAF requirements, 2) the sustainment of the ILS-S Enterprise Solutions-Supply (ES-S) application and 3) the sustainment of the ILS-S Standard Base Supply System (SBSS) Java/Oracle-based application.

**Acquisition Approach:** NETCENTS-2 App Services Small Business contract

**Period of Performance:** January 2018 – January 2022 (One year base period plus four 1-year option periods)

**Anticipated RFP Release Date:** 4Q FY17

**Estimated Dollar Value:** \$30M – \$49M

**NAICS Code:** 541511 – Custom Computer Programming Services

**Small Business Set Aside:** Yes

**Incumbent:** Array Information Technology, Inc., FA8771-12-D-1011

**POCs:** Program Manager – Mr. Robert (Tony) Nicholson  
[robert.nicholson.18@us.af.mil](mailto:robert.nicholson.18@us.af.mil)  
334-416-4610; DSN: 596-4610

Contracting Officer – Mr. Richard Ashley  
[richard.ashley.1@us.af.mil](mailto:richard.ashley.1@us.af.mil)  
334-416-4198; DSN: 596-4198

**Project Name:** Acquisition App Store (AAS)

**Program Description:** AAS enables Acquisition Program Management Office (PMO) and Staff personnel with “one-stop shop access” perform standardized day-to-day lifecycle management of acquisition programs with reporting as a by-product for well-informed decisions from OSD and Air Force senior leadership.

**Objective:** Provide systems integration, sustainment, maintenance, and modifications to AAS

**Scope:** The Contractor shall provide platform and app development, system integration, technical support and consulting services to the Program Management Office for implementation, operations and maintenance, and day-to-day support for the AAS program and AAS requirements. The Contractor shall also provide Tier 1 Help Desk support for all AAS components as well as Tier 2 & 3 Help Desk support for components managed directly by the contractor. The contractor will work with DISA DEPS and DISA MPS service offerings to implement the AAS platform. This environment includes the following: Microsoft SharePoint 2010, Microsoft “.NET” C#, SQL Server Business Intelligence Tools, Nintex workflow, Public Key Infrastructure and Security Token Service authentication/authorization, SQL Server, AJAX, and web services. Familiarity with these capabilities and how they can be applied to a Service Oriented Architecture (SOA) is a firm requirement.

**Acquisition Approach:** TBD

**Period of Performance:** TBD **Anticipated**

**RFP Release Date:** 3Q FY17 **Estimated**

**Dollar Value:** TBD

**NAICS Code:** 541511 – Custom Computer Programming Services

**Small Business Set Aside:** Yes

**Incumbent:** Council for Logistics Research, Inc., GS-06F-0525Z

**POCs:** Program Manager – Ms. Jamee Zeek

[jamee.zeek.2@us.af.mil](mailto:jamee.zeek.2@us.af.mil)

937-257-0010; DSN: 674-0010

Contracting Officer – Ms. Shonda Allen

[shonda.allen@us.af.mil](mailto:shonda.allen@us.af.mil)

937-257-7603; DSN: 787-7603

**Project Name:** Aviation Resource Management System (ARMS)

**Program Description:** ARMS is the Air Force authoritative system for frontline aviators and parachutists, to record and calculate aircrew training information such as due dates, frequency, and accomplishments for all training events. ARMS provides Air Force Instructions (AFI)-mandated aviation qualifications and training requirements, safety of flight currency requirements, go/no-go qualifications, individual flying hour tracking, aircrew experience level tracking, aeronautical order management and career flying gates and incentive pay tracking. The Air Force uses this information to enhance the safety-of-flight operations and determine whom to select for specific missions.

**Objective:** System sustainment support

**Scope:** The contractor shall aid in the designing, development and packaging of software changes in order to maintain and sustain the existing ARMS system. The contractor shall analyze (as applicable) deficiencies, problem reports, use cases, requirements and design solutions, incorporate PMO approved capability enhancements, and sustain the fielded ARMS code.

**Acquisition Approach:** TBD, currently 8(a)

**Period of Performance:** August 2018 – TBD

**Anticipated RFP Release Date:** 3Q FY18

**Estimated Dollar Value:** TBD

**NAICS Code:** 541511 – Custom Computer Programming Services

**Small Business Set Aside:** Yes

**Incumbent:** eSolution Architects, Inc., FA8771-16-C-0004

**POC:** Program Manager – Mr. Jim Marshall

[james.marshall.27@us.af.mil](mailto:james.marshall.27@us.af.mil)

334-416-6775; DSN: 596-6775

Contracting Officer – Ms. Cynthia Dodd

[cynthia.dodd.1@us.af.mil](mailto:cynthia.dodd.1@us.af.mil)

334-416-4193; DSN: 596-4193

**Project Name:** Civil Engineering Support Systems

**Program Description:** Air Force Civil Engineering Subject Matter Experts (SME) capability is required to ensure the CE systems Section continues to provide optimum Information Technology support to the Air Force Civil Engineer community while meeting all required Air Force and Department of Defense instructions, policies, directives and mandates. SME support includes Program Management, Systems Engineering, Software Engineering, Information Assurance, Configuration Management Support, Geospatial Information Support, and Functional Testing Support.

**Objective:** Provide lifecycle support for Civil Engineering Information Technology programs of record.

**Scope:** Provide a full range of IT expertise to support the planning, design, test, update, documentation, implementation, development, sustainment and fielding of CE automated systems to include implementation of the Joint Capabilities Integration Development System (JCIDS) and to support the Doctrine, Organization, Training, Materiel, Leadership and Education, Personnel, and Facilities (DOTMLPF) process. These systems include:

- (1) Automated Civil Engineer System (ACES) Family of Systems. Supports energy, operations, and supply management, fire department equipment and dispatch, and explosive ordnance disposal tracking.
- (2) NexGenIT – Real property management, financial management, and workflow management
- (3) Enterprise Environmental Safety and Occupation Health Information Management System (EESOH-MIS) – supports hazardous waste, hazardous material, clean up and environmental reporting and range management.
- (4) AF GeoBase – supports geospatial enablement of Civil Engineer (CE) business data and visualization capability.

**Acquisition Approach:** TBD

**Period of Performance:** June 2018 – June 2021 (One year base plus two 1-year options periods)

**Anticipated RFP Release Date:** 2Q FY18

**Estimated Dollar Value:** \$15M – \$18M

**NAICS Code:** 541330 – Engineering Services

**Small Business Set Aside:** Yes

**Incumbent:** Northtide Group, LLC – FA8771-15-C-0007

**POCs:** Program Manager – Lt Col James Slear  
[james.slear.1@us.af.mil](mailto:james.slear.1@us.af.mil)  
334-416-6863; DSN: 596-6863

Contracting Officer – 1 Lt Janie Sullivan  
[janie.sullivan@us.af.mil](mailto:janie.sullivan@us.af.mil)  
334-416-4215; DSN: 596-4215

**Project Name:** Deliberate and Crisis Action Planning and Execution Segments (DCAPES)  
Integration and Infrastructure Support

**Program Description:** DCAPES Increment 2B provides capabilities the United States Air Force (USAF) warfighter needs to support the entire conflict continuum – from major combat operations and campaigns; to smaller scale contingencies and crisis response operations. It enables the Air Force to posture trained and equipped forces, organized in effects-based operational capability packages, to deliver effective aerospace capabilities to the Joint warfighter. DCAPES enables wing/base planners to support and execute the missions of planning, presenting, sourcing, mobilizing, deploying, accounting for, sustaining, redeploying, and reconstituting forces within the warfighting commanders' required decision cycles. The mission of DCAPES is to support Joint and Air Force Adaptive Planning and Execution (APEX) needs by enabling the warfighter to rapidly respond to a Combatant Commander's (COCOM's) force requirements. Provide real-time command and control (C2), planning, and execution information supporting the USAF manpower, personnel, operations and logistics force presentation and execution processes while providing a single integrated data environment to project aerospace power anywhere in world.

**Objective:** Provide infrastructure and integration services for DCAPES

**Scope:** The contractor will be responsible for supporting the establishment of Government environments and coordinating with the Capabilities Integration Environment (CIE) on the management of the resulting capabilities which will reside in the CIE or other designated environment(s). Capability providers (developers) will employ the resulting DCAPES environments to develop, test, and deploy capabilities into a User First Look area for Government evaluation. The contractor will provide the services necessary to assist capability providers in successfully deploying capabilities into the CIE environments and insuring compliance of products with Government requirements including security and interoperability. The contractor shall support other Government-designated hosting environments such as DISA Cloud Services to develop, test, and deploy WPE capabilities. The contractor shall assist the PMO in the determination of the appropriate life cycle management tools for Requirements Management, Project Reporting, Document Management, and collaboration with stakeholders.

**Acquisition Approach:** NETCENTS-2 App Services Small Business contract

**Period of Performance:** February 2019 – February 2024 (One year base period plus four 1-year option periods)

**Anticipated RFP Release Date:** 3Q FY18

**Estimated Dollar Value:** \$5M – \$7M

**NAICS Code:** 541511 – Custom Computer Programming Services

**Small Business Set Aside:** Yes

**Incumbent:** Datum Software Inc.

**POCs:** Program Manager – Lt Col Christopher Thrower  
[christopher.thrower@us.af.mil](mailto:christopher.thrower@us.af.mil)  
334-416-5957; DSN: 596-5957

Contracting Officer – Mr. Avery Brown  
[avery.brown@us.af.mil](mailto:avery.brown@us.af.mil)  
334-416-5633; DSN: 596-5633

**Project Name:** NexGen IT

**Program Description:** NexGen IT is an IT-hosted capability that enables future Civil Engineer IT capabilities. This product is comprised of a NexGen IT application consisting of integrated modules with embedded/configurable best business practices and capabilities in Real Estate, Energy, Computerized Maintenance Management System (CMMS), Project Management, and Space Management. Real Estate Management is the process of managing space and transactions at an installation and consists of four sub-processes: Manage Transactions, Manage Space Occupancy, Manage Contracts, Conduct Move Planning and Management. This function is a key driver in the execution of plans from Project Management, as well as a provider of feedback into the development of future plans

**Objective:** Support data conversion from legacy systems to NexGen IT, support deployment of the system to 184 USAF installations and sustainment support services of the NexGen IT application

**Scope:** Provide data conversion support, deployment of system to USAF installations and sustainment services. NexGen IT is in the process of being deployed to 184 Air Force installations. This effort involves conversion of data from the legacy systems (ACES/IWIMS) into NexGen IT. The data readiness and conversion process for each installation starts 6 months prior to actual deployment of the system to the installation. It also involves providing data conversion reports on a weekly basis based on this 6 month schedule for each installation. These tasks occur for 1-2 installations "going live" on a weekly basis. The schedule is also broken into 5 distinct sets of installations called "Waves." This deployment started in June 2016 and is expected to take up to 3 years to complete. Sustainment services will include baseline change requests for enhancing current capabilities, compliance activities (CFO, RPIM, Blue Book, FISCAM), determining gap analysis for future capabilities, database management and Help Desk level II and III support. Certified IBM TRIRIGA expertise is required.

**Acquisition Approach:** GSA Alliant Full & Open Contract

**Period of Performance:** August 2017 – July 2019 (10 month base period plus one 1-year option period)

**Anticipated RFP Release Date:** 3Q FY17

**Estimated Dollar Value:** \$27M – \$30M

**NAICS Code:** 541512 – Computer Systems Design Services

**Small Business Set Aside:** No

**Incumbent:** CACI, Inc., Federal GS00Q9BGD0020 and Alliant GWAC Full and Open

**POCs:** Program Manager – Mr. Matthew Hylton  
[matthew.hylton.1@us.af.mil](mailto:matthew.hylton.1@us.af.mil)  
334-416-5164; DSN: 596-5164

Contracting Officer – Mr. Avery Brown  
[avery.brown@us.af.mil](mailto:avery.brown@us.af.mil)  
334-416-5633; DSN: 596-5633

**Project Name:** Theater Medical Information Program- Air Force (TMIP-AF)

**Program Description:** TMIP-AF champions the AF specific requirements on the TMIP-Joint and follow-on enhancement program efforts. The program trains and equips medical forces for deployment and supports electronic health care records for deployed and Aeromedical Evacuated warfighters. TMIP-AF supports system theater upgrades, deployment projects and testing on the Manpower and Equipment Force Packaging (MEFPAKs), Air Forces Central Command (AFCENT), USAF Reserve, Air National Guard, Air Force Special Operations Command (AFSOC), Air Mobility Command (AMC), Air Combat Command (ACC) and ARMY supported network environments.

**Objective:** Provide support to the TMIP-AF Program Management Office (PMO) in the accomplishment of its mission of patient care, to include Aeromedical Evacuation (AE) and deployment of systems in support of the warfighters in theater and supporting humanitarian missions and natural disasters.

**Scope:** Provide experienced personnel who possess the specific skills and understanding of TMIP-AF and the Air Force Medical Service (AFMS) operational environments and guidance. Support services include both in-theater and garrison/stateside location support; 24x7x365 availability support to the field users and TMIP-specific experience in system administration and functional processes to meet these requirements. The contractor shall maintain the operational TMIP-AF suite of systems deployed in theater and ensure they meet Risk Management Framework (RMF) security certification and accreditation and Authority to Connect (ATC) compliance and maintain hardware and software compatibility. The contractor will conduct on-site pre-deployment training for the AF, Air National Guard units, and Reserve units in both the TMIP-AF capability and the modernized system Joint Operational Medicine Information Systems Air Force (JOMIS AF) as it is fielded

**Acquisition Approach:** NETCENTS-2 App Services Small Business contract

**Period of Performance:** September 2018 – September 2023 (One year base period plus four 1-year option periods)

**Anticipated RFP Release Date:** 2Q FY18

**Estimated Dollar Value:** \$5M – \$10M

**NAICS Code:** 541511 – Custom Computer Programming Services

**Small Business Set Aside:** Yes

**Incumbent:** Excellus Solutions, LLC

**POCs:** Program Manager – Ms. Dolores Osborne-Hensley

[dolores.osborne-hensley@us.af.mil](mailto:dolores.osborne-hensley@us.af.mil)

334-416-6147; DSN: 596-6147

Contracting Officer – Ms. Maria Jones

[maria.jones@us.af.mil](mailto:maria.jones@us.af.mil)

334-416-6907; DSN: 596-6907

**Project Name:** Air Force Enterprise Configuration Management Office (AFECMO) Support Services

**Program Description:** The Air Force Enterprise Configuration Management Office (AFECMO) is managed by the Air Force Program Executive Office for Business and Enterprise Systems (AFPEO BES), Maxwell AFB – Gunter Annex, Alabama, with direct oversight from the Enterprise Services Division (HIC). AFECMO provides cradle-to-grave life-cycle support for Microsoft software products along with the management and integration/application of Microsoft services across the AF and DoD.

**Objective:** Support AFECMO mission to ensure a standard Air Force (AF) and Department of Defense (DoD) operating environment worldwide for real-time, secure access to information to increase control, consistency, and reduce costs through enterprise configuration management critical to mission achievement.

**Scope:** Includes network architecture planning and design, applications and technical integration testing, software application package development, network applications deployment, and certification and accreditation related services to support the Air Force and DoD.

**Acquisition Approach:** NETCENTS-2 App Services Small Business contract

**Period of Performance:** March 2018 – March 2022 (One year base period with three 1-year option periods)

**Anticipated RFP Release Date:** 4Q FY17

**Estimated Dollar Value:** \$6.5M

**NAICS Code:** 541511 – Custom Computer Programming Services

**Small Business Set Aside:** Yes

**Incumbent:** IndraSoft Inc., FA8771-12-D-1008

**POCs:** Program Manager – Mr. Ray Perry  
[ray.perry@us.af.mil](mailto:ray.perry@us.af.mil)  
334-416-3955; DSN: 596-3955

Contracting Officer – Ms. Yolanda McCain  
[yolanda.mccain@us.af.mil](mailto:yolanda.mccain@us.af.mil)  
334-416-5307; DSN: 596-5307

**Project Name:** BES Enterprise Architecture (EA) and Information Support Plan (ISP)

**Program Description:** Air Force Program Executive Office (AFPEO) BES Contract to provide Mission Application Enterprise Architecture Development/Sustainment and ISP Development/Coordination.

**Objective:** Provide AFPEO BES with a source of highly trained and skilled EA that develop compliant architecture products supporting requirements and design activities for the warfighter.

**Scope:** Architecture-specific technical expertise and other input as required, for managed and/or developed EA for Automated Information Systems. Provide technical expertise to program offices in their efforts to develop architecture artifacts within each PMO's required views and deliverables. Assemble architecture information from business and/or system artifacts and create the appropriate architecture view/model. Produce Air Force and Joint compliant ISPs.

**Acquisition Approach:** 8(a) Sole-Source Direct Award

**Period of Performance:** September 2017 – September 2022 (One year base period plus four 1-year option periods)

**Anticipated RFP Release Date:** 2Q FY17

**Estimated Dollar Value:** \$18M – \$22M

**NAICS Code:** 541512 – Computer System Design Services

**Small Business Set Aside:** Yes

**Incumbent:** Copper River Information Technology, FA8771-12-D-1061, 8(a) Alaskan Native Owned

**POCs:** Program Manager – Mr. Dave Jackson

[kenneth.jackson.3@us.af.mil](mailto:kenneth.jackson.3@us.af.mil)

334-416-5258; DSN: 596-5258

Contracting Officer – Ms. Lashuyna Johnson-Vinson

[lashuyna.johnson-vinson@us.af.mil](mailto:lashuyna.johnson-vinson@us.af.mil)

334-416-5234; DSN: 596-5234

**Project Name:** Netcentric Solutions (NETCENTS-2) Support

**Program Description:** The AFLCMC/HS BES Enterprise Services Division has a mission to provide contracts and customer support to enable warfighter acquisition of IT products, solutions, and services to fly, fight, and win in the Air, Space and Cyberspace domains through its awarded of NETCENTS-2 IDIQ contracts: Products, Network Operations and Application Services.

**Objective:** Provide the NETCENTS-2 Program Management Office support for its suite of Indefinite Delivery, Indefinite Quantity (ID/IQ) contracts.

**Scope:** Provide support of the post-award planning and execution activities. Provide support for the acquisition oversight activities of common IT Infrastructure (network infrastructure, hosting environments, and middleware) to include collecting, analyzing and reporting category specific spend data from various sources; documenting AFWAY customer requirements and deficiencies in relation to NETCENTS-2 support; and providing associated guidance and scope reviews to NETCENTS-2 users in a customer support capacity. Finally, provide operations research analysis, information technology asset management (ITAM), and research and analysis expertise to support the Enterprise Services Division and stakeholders.

**Acquisition Approach:** 8(a) Sole Source Direct Award

**Period of Performance:** October 2017 – October 2020 (One year base period with two 1-year option periods)

**Anticipated RFP Release Date:** 4Q FY17

**Estimated Dollar Value:** \$2M

**NAICS Code:** 541519 – Other Computer Related Services

**Small Business Set Aside:** Yes

**Incumbent:** JYG Innovations, LLC

**POCs:** Program Manager – Ms. Bernadette Hollinger

[bernadette.hollinger.2@us.af.mil](mailto:bernadette.hollinger.2@us.af.mil)

334-416-4992; DSN: 596-4992

Contracting Officer – Ms. Yolanda McCain

[yolanda.mccain@us.af.mil](mailto:yolanda.mccain@us.af.mil)

334-416-5307; DSN: 596-5307

**Project Name:** Small Business Enterprise Application Solutions (SBEAS)

**Program Description:** SBEAS is an Indefinite Quantity, Indefinite Delivery (ID/IQ) effort which will replace the Applications Services Small Business ID/IQ contract. SBEAS will provide a wide range of IT Network Centric solutions that support the IT lifecycle to include legacy, operational and sustainment activities, reengineering of legacy capabilities into target architectures and environments.

**Objective:** Provide a vehicle for Air Force customers to access a wide range of IT services

**Scope:** Provide enterprise application solutions for Air Force IT users by providing overarching integrated support in the following high level objective areas: development, testing, sustainment, migration, integration, fielding, training, help desk support, subject matter experts and operational support

**Acquisition Approach:** 100% Small Business Set-Aside, FAR Part 15 Source Selection

**Period of Performance:** 2018 – 2033, 15 year (Five year base period, five year option period (ordering) and 5 year performance period only)

**Anticipated RFP Release Date:** 3Q FY17

**Estimated Dollar Value:** \$13B

**NAICS Code:** 541511 – Custom Computer Programming Services

**Small Business Set Aside:** Yes

**Incumbent:** Replacement contract for the NETCENTS-2 Application Services Small Business contract

**POCs:** Program Manager – Ms. Audra Pfannkuche  
[audra.pfannkuche@us.af.mil](mailto:audra.pfannkuche@us.af.mil)  
334-416-5167; DSN: 596-5167

Contracting Officer – Ms. Shaneka Brown  
[shaneka.brown@us.af.mil](mailto:shaneka.brown@us.af.mil)  
334-416-4600; DSN: 596-4600

**Project Name:** Enterprise Resource Planning (ERP) Enterprise Solutions Architecture (ESA)

**Program Description:** Provides ERP Solutions Architecture services to the DEAMS program

**Objective:** Competitive acquisition for ERP Solutions Architecture services

**Scope:** Provide system engineering (SME) support, functional solution support, technical solution architecture support, and ERP Operations SME Support. Provide the technical and functional expertise required for effectively executing performance, schedule, and cost parameters. Serve as the senior systems integration and ERP SMEs, knowledgeable of DoD, federal accounting and other finance-related practices. Identify, design, review and document recommended best practices to provide continuity and issue resolution across the program, including various Government stakeholders and contractor teams involved in the design, development, deployment and sustainment of DEAMS. Support technical, program management, and organizational integration efforts in executive-sponsored meetings, forums, working groups, planning sessions, AF and DoD-level working groups, Tiger Teams, conferences, seminars, and boards.

**Acquisition Approach:** 8(a) Competitive

**Period of Performance:** February 2018 – January 2023 (One year base period plus four 1-year options)

**Anticipated RFP Release Date:** 3Q FY17

**Estimated Dollar Value:** <\$50M

**NAICS Code:** 541512 – Computer System Design Services

**Small Business Set Aside:** Yes

**Incumbent:** Credence Management Solutions, FA8770-15-F-0526

**POCs:** Program Manager – Mr. Ryan Heider  
[ryan.heider.1@us.af.mil](mailto:ryan.heider.1@us.af.mil)  
937-656-0049; DSN: 787-0049

Contracting Officer – Ms. Lakeisha Sandford  
[lakeisha.sandford@us.af.mil](mailto:lakeisha.sandford@us.af.mil)  
937-787-2574; DSN: 787-2574

## Upcoming Acquisitions

**Project Name:** Air Force Integrated Personnel and Pay System (AFIPPS)

**Program Description:** AFIPPS will be a web-enabled Enterprise Resource Planning software solution that integrates multiple existing Air Force personnel and pay processes into a single, self-service system for the Air Force military components (Active Duty, Air National Guard, and Air Force Reserve).

**Objective:** Leverage the existing Military Personnel Data System (MilPDS) and Oracle E-Business Suite (EBS) to establish an integrated system that satisfies Air Force pay requirements and replace existing pay systems.

**Scope:** The contractor shall configure the appropriate Oracle EBS application modules to satisfy Air Force business processes and integrate the product with the established MilPDS which is based on Oracle's EBS Human Capital Management application. This effort includes support through test and deployment.

**Acquisition Approach:** NETCENTS-2 Application Services Full and Open contract

**Period of Performance:** February 2018 – February 2022 (Three year base period plus 1-year option period)

**Anticipated RFP Release Date:** 2Q FY17

**Estimated Dollar Value:** \$50M

**NAICS Code:** 541511 – Custom Computer Programming Services

**Small Business Set Aside:** No

**Incumbent:** N/A

**POCs:** Program Manager – Mr. James Nally

[james.nally.2@us.af.mil](mailto:james.nally.2@us.af.mil)

210-585-1209; DSN: 665-1209

Deputy Program Manager – Mr. David Desforges

[david.desforges.1@us.af.mil](mailto:david.desforges.1@us.af.mil)

210-565-3651; DSN: 665-3651

Contracting Officer – Mr. Mark DeLaRosa

[mark.delarosa@us.af.mil](mailto:mark.delarosa@us.af.mil)

210-565-4328; DSN: 665-4328

**Project Name:** Air Force Systems Networking (AFSN)

**Program Description:** AFSN provides three core capabilities to the Air Force Enterprise worldwide. These capabilities include a consolidated Identity Data Directory, Exchange Contact Information Services and Account provisioning.

**Objective:** Obtain contractor services to support modernization, analysis, design, test, implementation, installation, integration, sustainment and Tier II and III Help Desk support of the AFSN capabilities.

**Scope:** Includes development, integration, test, deployment, and sustainment of Air Force Directory Services infrastructure and capabilities. Maintain and extend AFSN Identity data directory services, exchange contract services and account provisioning capabilities to authorized Air Force and DoD organizations and applications.

**Acquisition Approach:** NETCENTS-2 NetOps and Infrastructure Solutions Small Business contract

**Period of Performance:** April 2018 – March 2023 (One year base period plus four 1-year option periods)

**Anticipated RFP Release Date:** 1QFY18

**Estimated Dollar Value:** \$4M – \$5M

**NAICS Code:** 517110 – Wired Telecommunications Carriers

**Small Business Set Aside:** Yes

**Incumbent:** ActioNet, FA8771-12-D-1012 0002

**POCs:** Project Manager – Mr. Brian Jabes

[brian.jabes.1@us.af.mil](mailto:brian.jabes.1@us.af.mil)
