*An outline of acquisition information for upcoming business opportunities in BES for the next 18 months*

## **OBJECTIVE**

Enhance communications between members of Industry and the Business and Enterprise Systems (BES) Directorate

## **DISCLAIMER**

The following opportunities listed in the Smart Guide are speculative and the appearance of the information in this document or website in no way guarantees a contract action will be awarded. There is no guarantee as to the requirements described in this document and as to the form or type of acquisition for each of these projected requirements. The Air Force will not guarantee form and/or timing of later notifications (e.g. RFQ, RFP, BPA, Task Order, etc.). It is the responsibility of interested parties to follow-up diligently in order to determine if and when a solicitation is advertised.

## THINGS TO KNOW

For questions about BES communications and events, please contact the *BES Strategic Communications Team* at [besstratcomm@us.af.mil](mailto:besstratcomm@us.af.mil)

To schedule a meeting or company capability presentation, complete the *BES Meeting Request Form* located on our website at [www.airforcebes.af.mil/besvendorcomm](http://www.airforcebes.af.mil/besvendorcomm)

## BES LOCATIONS

WP

Wright-Patterson AFB

Randolph AFB  
TEXAS

**Upcoming Acquisitions**

**Project Name:** AFLCMC/HIAM Agile Maintenance Support (AMS) Subject Matter Expert (SME) - Support Services

**Program Description:** Provides full range of Information Technology SME support for Gunter Field Maintenance (Fld Mx) Family of Systems (FOS). The portfolio of systems provides peacetime and wartime readiness and operational support of aircraft status/availability, mobile maintenance documentation, trainers, simulators, communications-electronics, ammunitions, equipment calibrations, training qualifications/certifications, and support equipment maintenance activities at worldwide operating bases, Active duty Air Force, Air National Guard/Air Force Reserves sites.

**Objective:** Compete the replacement for the current Maintenance Operational System Support (MOSS) SME support services contract.

**Scope:** Provide support to include, but not limited to: maintaining databases, applications (inclusive of Air Force owned, commercial loud, end-user electronic tools (eTools)) devices, instructions and manuals; level 2 help-desk support to include training and problem identification; testing systems and subsystems; evaluating and documenting software changes, problems and deficiencies; including supporting agile cloud and mobile applications based efforts; customer driven technologies advancement for logistics; and integrating Fld Mx expertise as required with other contractors, architects and engineers to provide effective IT SME support to the Fld Mx warfighter.

**Acquisition Approach:** TBD

**Period of Performance:** February 2020 – August 2024 (One year base period plus three 1-year option periods with optional 6 month extension)

**Anticipated RFP Release Date:** 4QFY19

**Estimated Dollar Value:** TBD

**NAICS Code:** 541511 – Custom Computer Programming Services

**Small Business Set Aside:** Yes

**Incumbent:** Datum Software, Inc., FA8771-12-D-1001 0005

**POCs:** Program Manager – Ms. Gladys Leonard  
334-416-5450; DSN: 596-5450

Contracting Officer – Mr. Avery L Brown  
334-416-5633; DSN: 596-5633

**Upcoming Acquisitions**

**Project Name:** AFLCMC/HIAM Agile Maintenance Support (AMS) - Technical Services

**Program Description:** Provides full range of Information Technology SME support for Gunter Field Maintenance (Fld Mx) Family of Systems (FOS). The portfolio of systems provides peacetime and wartime readiness and operational support of aircraft status/availability, mobile maintenance documentation, trainers, simulators, communications-electronics, ammunitions, equipment calibrations, training qualifications/certifications, and support equipment maintenance activities at worldwide operating bases, Active duty Air Force, Air National Guard/AF Reserves sites.

**Objective:** Complete the replacement for the current Maintenance Operational System Support (MOSS) Technical services contract.

**Scope:** Performing Level III technical services which include corrective, perfective, adaptive and preventive maintenance.

**Acquisition Approach:** Small Business Enterprise Applications Solutions (SBEAS) Multiple – Award Indefinite Delivery, Indefinite Quantity (IDIQ) or small business contract vehicles

**Period of Performance:** September 2020 – March 2024 (One year base period plus three 1-year option periods with optional 6 month extension)

**Anticipated RFP Release Date:** 1QFY20

**Estimated Dollar Value:** \$7M - \$12M

**NAICS Code:** 541511 – Custom Computer Programming Services

**Small Business Set Aside:** Yes

**Incumbent:** Array Information Technology, Inc., FA8771-12-D-1011 0007

**POCs:** Program Manager – Ms. Carlissa Gray  
334-416-4173; DSN: 596-4173

Contracting Officer – Ms. Rebecca Quint  
334-416-6173; DSN: 596-6173

**Upcoming Acquisitions**

**Project Name:** Contractor Supported Weapon System Data Exchange (CSWS DE)

**Program Description:** CSWS DE provides the bridge for peculiar spares data (reparable and consumable) that passes between Contractor data systems and Government legacy data systems while the contractor is managing the Air Force (AF) owned spares, and is serving as the Contractor-Inventory Control Point (C-ICP) for the weapon system. CSWS DE provides limited computational capabilities (e.g. POM budget). There is a limited suite of standardized reports/output products with the potential to tailor to AF and/or individual C-ICP needs. The CSWS DE focuses on peculiar items – items that are used on a single weapon system and are managed by the contractor.

**Objective:** Provides continuous development, maintenance, integration, testing, and deployment for CSWS DE and the contractual support will be conducted off-site (at contractor facility).

**Scope:** This effort is for non-personal technical support services (continuous development, maintenance, integration, testing, surveillance, and deployment) for CSWS DE (D375).

**Acquisition Approach:** Sole Source 8(a)

**Period of Performance:** February 2020 – February 2025 (One year base period plus four 1-year option periods)

**Anticipated RFP Release Date:** 1QFY20

**Estimated Dollar Value:** \$3.8M - \$4M

**NAICS Code:** 541511 – Custom Computer Programming Services

**Small Business Set Aside:** Yes

**Incumbent:** JYG Innovations, LLC, FA8770-15-C-0004

**POCs:** Program Manager – Ms. Danielle Meeks-Harshaw  
937-904-3990; DSN: 674-3990

Contracting Officer – Mr. Brock Moon  
937-257-7440; DSN: 787-7440

## Upcoming Acquisitions

---

**Project Name:** Depot Maintenance Accounting and Production System (DMAPS) Subject Matter Expert (SME) – Support Services

**Program Description:** DMAPS supports 26,000 users and over 190 interfaces across the three Air Logistics Complexes (ALCs): Oklahoma City (OC), Ogden (OO), and Warner Robins (WR) and Kadena Air Base. SME Support Services involve all acquisition/software life cycle functions.

**Objective:** Ensure continued technical and functional DMAPS SME support services.

**Scope:** Provide support to include, but not limited to: the facilitation and coordination of all production, materiel and financial processes related to organic depot maintenance for the DMAPS components. The DMAPS SME team is part of the DMAPS Program Management Office (PMO). They act as the liaison bridging the various stakeholders of the five DMAPS systems including the DMAPS PMO, development contractors, DISA, other support contractors and interfacing partners. In providing this support, the SMEs follow the AFLCMC Program Executive Office (PEO) Business and Enterprise Systems (BES) Process Directory (BPD).

**Acquisition Approach:** Small Business Enterprise Applications Solutions (SBEAS) Multiple – Award Indefinite Delivery, Indefinite Quantity (IDIQ) or small business contract vehicles

**Period of Performance:** November 2020 – November 2025 (One year base period plus four 1-year option periods)

**Anticipated RFP Release Date:** 1QFY20

**Estimated Dollar Value:** \$4M - \$6M

**NAICS Code:** 541511 – Custom Computer Programming Services

**Small Business Set Aside:** Yes

**Incumbent:** Segue Technologies, FA8771-12-D-1009

**POCs:** Program Manager – Ms. Sheila Harrison  
937-674-0296; DSN: 904-0296

Contracting Officer – Mr. Chase Ralston  
937-904-1043; DSN: 674-1043

**Upcoming Acquisitions**

---

**Project Name:** Depot Maintenance Consolidated Operational Database (DMCOBDB)

**Program Description:** The DMCOBDB serves as the integrated and consolidated database for all DMSI applications

**Objective:** Provide development (modification), and surveillance support for the DMCOBDB

**Scope:** Provide database modification and support to DMCOBDB, including surveillance of batch jobs, maintaining 150+ external and internal interfaces, and environment set-up for all DB instances

**Acquisition Approach:** Small Business Enterprise Applications Solutions (SBEAS) Multiple – Award Indefinite Delivery, Indefinite Quantity (IDIQ) or small business contract vehicles

**Period of Performance:** September 2020 – March 2023 (Six month base period plus two 1-year options)

**Anticipated RFP Release Date:** 3QFY20

**Estimated Dollar Value:** \$5M - \$7M

**NAICS Code:** 541511 – Other Computer Related Services

**Small Business Set Aside:** Yes

**Incumbent:** Array Information Technology, Inc., FA8771-12-D-1011 SC14

**POCs:** Program Manager – Mr. Mark Greathouse  
937-656-0589; DSN: 986-0589

Contracting Officer – Mr. Kevin Poole  
937-904-0207; DSN: 674-0207

**Upcoming Acquisitions**

**Project Name:** Depot Source of Repair II (DSOR II/DMISA Management Application (DMA))

**Program Description:** DSOR II provides a set of workflows used by the Air Force (AF) to capture and manage all DOSR supporting documents and decisions used to posture repair work to the appropriate repair depot. DMA is the workflow used by the AF to support the DoD Joint Depot Maintenance Interservice (DMI) process.

**Objective:** Supports DSOR decision making process to program, schedule, and approve depot level workload (DSOR II). Improves document execution of DoD DMISA documentation; and establishes a shared data repository for a centralized storage location (DMA).

**Scope:** The Contractor shall provide detailed technical and functional SharePoint administration support for an integrated set of AF DSORII/DMISA business management processes. The effort supports configuration process designs, prototypes, data collection and usage, process modifications, integration and testing, training support, and deployment. The Contractor shall also provide technical support for process and workflow management, technical re-designs, software upgrades and migrations, templates, and site collection maintenance of the hosted environments.

**Acquisition Approach:** Competitive 8(a)

**Period of Performance:** June 2020 – June 2025 (One year base period plus four 1-year option periods)

**Anticipated FOPR Release Date:** 1QFY20

**Estimated Dollar Value:** \$11M - \$14M

**NAICS Code:** 541512 – Computer Systems Design Services

**Small Business Set Aside:** Yes

**Incumbent:** Stellar Innovations & Solutions Inc., FA8770-16-C-0510

**POCs:** Program Manager – Ms. Cathy Snodgrass  
937-904-0270; DSN: 674-0270

Contracting Officer – Mr. Kevin Poole  
937-904-0207; DSN: 674-0207

**Upcoming Acquisitions**

---

**Project Name:** Enhanced Technical Information Management System (ETIMS)

**Program Description:** ETIMS is the System of Record for all TO and Computer Program Identification Numbers (CPINS) metadata. ETIMS also manages, stores, and distributes TOs for the Air Force (AF).

**Objective:** Provide support for ETIMS, including operations and maintenance release support.

**Scope:** Provide maintenance with the potential for development efforts. ETIMS is the System of Record for all TO and Computer Program Identification Numbers (CPINS) metadata. ETIMS manages, stores, and distributes TOs for the AF.

**Acquisition Approach:** TBD

**Period of Performance:** May 2020 – May 2024 (One year base period plus three 1-year option periods)

**Anticipated RFP Release Date:** 1QFY20

**Estimated Dollar Value:** \$20M – \$22M

**NAICS Code:** 541511 – Custom Computer Programming Services

**Small Business Set Aside:** Yes

**Incumbent:** Digital Management Inc. (DMI), FA8771-12-D-1002 SC011

**POCs:** Program Manager – Mr. Greg Zelinski  
937-656-0556; DSN: 986-0556

Contract Specialist – Mr Daniel Holliday  
937-257-4787; DSN: 787-4787

Contracting Officer – Mr. Kevin Poole  
937-904-0207; DSN: 674-0207

**Upcoming Acquisitions**

---

**Project Name:** Integrated Logistics System-Supply (ILS-S)

**Program Description:** ILS-S is a United States Air Force (USAF) Defense Business System that provides Information Technology (IT) capability in the functional area of USAF base-level supply/material management. ILS-S supports 18,000 end users at 275 sites Air Force-wide.

**Objective:** Acquire USAF Base Level Materiel Management Expert support services

**Scope:** Acquire contractor provided USAF base level Materiel Management Expert (MME) support services in the areas of operational support, Logistics Information Technology (IT) Consolidation, and New Development. Contractor MME capability will conduct requirements analysis and definition, functional testing (manual and automated), application administration, customer support assistance, training and documentation activities.

**Acquisition Approach:** General Service Administration (GSA) Veterans Technology Services 2 (VETS 2) Government-wide Acquisition Contract (GWAC)

**Period of Performance:** March 2020 – September 2025 (One year base period plus four 1 year option periods plus 6 month extension of services)

**Anticipated RFP Release Date:** 4QFY19

**Estimated Dollar Value:** \$25M - \$35M

**NAICS Code:** 541511 – Custom Computer Programming Services

**Small Business Set Aside:** Yes

**Incumbent:** DSD Laboratories, FA8771-12-D-1005 0005

**POCs:** Program Manager: Mr. Robert (Tony) Nicholson  
334-416-4610; DSN: 596-4610

Contracting Officer: Mr. Avery L Brown  
334-416-5633; DSN: 596-5633

**Upcoming Acquisitions**

---

**Project Name:** Item Management Control System (IMCS)

**Program Description:** IMCS is the Air Force's official authoritative source for item management. IMCS implements the policy and procedures for cataloging, standardization, and provisioning of nearly 2 million items of supply that are used and/or managed by the Air Force.

**Objective:** IMCS operations and maintenance contract will include all activities associated with planning, controlling, documenting, maintaining and operating IMCS; including the operation, modification of IMCS Data Systems.

**Scope:** The services will support the IMCS Program Management Office (AFLCMC/HIAR IMCS) at Wright-Patterson Air Force Base, OH. The service requires technical and operational support for IMCS sustainment which includes: support by providing coding, testing and analysis of application software to maintain the functionality of the system and other technical services to ensure the system remains operational.

**Acquisition Approach:** Sole Source 8(a)

**Period of Performance:** January 2020 – January 2023 (One year base period plus two 1-year option periods)

**Anticipated RFP Release Date:** 1QFY20

**Estimated Dollar Value:** \$3M - \$4M

**NAICS Code:** 541511 – Custom Computer Programming Services

**Small Business Set Aside:** Yes

**Incumbent:** JYG Innovations, LLC, FA8770-17-C-0010

**POCs:** Program Manager – Ms. Regina Foster  
937-904-3965; DSN: 674-3965

Contracting Officer – Mr. Brock Moon  
937-257-7440; DSN: 787-7440

**Upcoming Acquisitions**

---

**Project Name:** Item Master Logistics Capability Initiative (IMLCI)

**Program Description:** Standardizes item management and enables improved demand forecasting, economies of scale purchasing and total asset visibility.

**Objective:** The Government's objective is to acquire software licenses, software maintenance and related technical support services necessary to enable cloud hosting and the configuration of the overall Item Master solution.

**Scope:** The contractor will provide No-Code/Low Code Business Process Flow Management Tool (COTS software), support installation of the Tool into DevSecOps environments, provide initial tool user training, tool software maintenance, and over the shoulder configuration support to government personnel using the tool to develop the IM solution, provide tool use help desk support, and provide any RICE required to enable enterprise wide interoperability.

**Acquisition Approach:** Full and Open Source Selection for an Single Source Award Indefinite Delivery, Indefinite Quantity (IDIQ)

**Period of Performance:** December 2020 – December 2025 (One year base period plus four 1-year option periods with optional 6 month extension)

**Anticipated RFP Release Date:** 4QFY19

**Estimated Dollar Value:** \$85M – \$95M

**NAICS Code:** D399 – Information Technology (IT) and Telecom – Other IT and Telecommunications  
541511 – Custom Computer Programming Services

**Small Business Set Aside:** No

**Incumbent:** N/A

**POCs:** Program Manager – Ms. Debora Sharp  
937-257-7520; DSN: 787-7520

Contracting Officer – Mr. Zachary S Huffman  
937-257-5139; DSN: 787-5139

### Upcoming Acquisitions

---

**Project Name:** Maintenance, Repair and Overhaul Initiative (MROi) Follow on

**Program Description:** The Air Force (AF) Logistics community requires a logistics/financials integrated solution that modernizes and improves capabilities for planning, scheduling, and executing organic depot maintenance production operations. Unlike the current disparate legacy systems, the commercial-off-the-shelf (COTS) Enterprise Resource Planning (ERP) will provide an integrated, holistic view of the maintenance operations and standardized processes across the AF to modernize maintenance operations and improve war fighter capabilities while enabling auditability.

**Objective:** The AF needs a partner to apply an Agile methodology in providing a supportable implementation strategy for a COTS ERP applicable to a production shop floor environment that must continue to produce commodities to the AF supply chain.

**Scope:** To architect, design, configure, develop, upgrade, update, integrate, test, train, transition, deploy, release, implement, monitor and optimize application performance, support network performance, troubleshoot and facilitate resolution of application and network anomalies, maintain configuration management, and sustain an integrated, optimized AF-wide Logistics ERP solution in accordance with the prioritized program backlog that enables discretely implementable capabilities.

**Acquisition Approach:** TBD

**Period of Performance:** February 2020 – February 2025 (One year base period plus four 1-year option periods)

**Anticipated RFP Release Date:** 1QFY20

**Estimated Dollar Value:** \$55M - \$65M

**NAICS Code:** 541511 - Custom Computer Programming Services

**Small Business Set Aside:** TBD

**Incumbent:** Diligent Consulting, Inc., FA8770-18-F-0009

**POCs:** Program Manager – Mr. Joe Lask  
937-257-1457; DSN: 312-787-1457

Contracting Officer – Mr. Zachary Huffman  
937-257-5139; DSN: 312-787-5139

**Upcoming Acquisitions**

---

**Project Name:** Programmed Depot Maintenance Scheduling System Sustainment (PDMSS)

**Program Description:** This is a new contract for continuing performance-based services to provide sustainment of the PDMSS. PDMSS facilitates planning, tracking, scheduling and execution of activities for programmed and un-programmed depot maintenance repair, upgrade or modification of aircraft and missiles at the ALCs.

**Objective:** Provide performance-based services to provide sustainment of the Programmed Depot Maintenance Scheduling System (PDMSS).

**Scope:** The Contractor is responsible for defining and analyzing system requirements, developing design specifications, translating specifications into programming logic (coding), and conducting development testing. Also, this support may include (but is not restricted to) activities related to engineering studies, internet/intranet applications, systems engineering, systems integration, integration support for Depot Maintenance System Integration (DMSI) hardware and software architecture, software engineering, architectural design, structured analysis, and object-oriented principles and required tool suites. The Contractor participates in all phases of the software development life cycle, with emphasis on analysis, design, coding, testing, documentation, and acceptance phases.

**Acquisition Approach:** Sole Source Direct Award

**Period of Performance:** February 2020 – February 2025 (One year base period plus four 1-year option periods)

**Anticipated RFP Release Date:** 4QFY19

**Estimated Dollar Value:** \$11.4M

**NAICS Code:** 541511 – Custom Computer Programming Services

**Small Business Set Aside:** No

**Incumbent:** Robbins-Gioia, Inc., FA8770-C-15-0003

**POCs:** Program Manager – Mr. Scott Poznanski  
937-656-1898; DSN: 986-1898

Contracting Officer – Mr. Chase Ralston  
937-904-1043; DSN: 674-1043

**Upcoming Acquisitions**

**Project Name:** Purchase Request Process System (PRPS) – Continuous Integration & Deployment

**Program Description:** PRPS fulfills the mandate for a paperless purchase request process as well as reducing administrative lead time, improving data quality and data sharing by providing a lean process that is standardized throughout AFSC. Key functional capabilities: automate the front end of the acquisition process for AFSC Centrally Procured items and repair services; facilitate AFSC Purchase Instrument processing at Robins, Hill, and Tinker; automate processing of PRs/MIPRs/DORs/AMDs; modern web-based system migrating to the Common Computing Environment 2.0.

**Objective:** Provide sustainment, operations and development support for PRPS. Task management activities will be located on-site at Wright-Patterson Air Force Base, OH.

**Scope:** Task Order covers all tasks necessary to provide PRPS sustainment, maintenance, and modification.

**Acquisition Approach:** TBD

**Period of Performance:** June 2020 – June 2024 (One year base period plus three 1-year option periods)

**Anticipated RFP Release Date:** 1QFY20

**Estimated Dollar Value:** \$24M – \$28M

**NAICS Code:** 541511 – Custom Computer Programming Services

**Small Business Set Aside:** Yes

**Incumbent:** Exeter Government Services, LLC, FA8771-12-D-1007 SC011

**POCs:** Program Manager – Mr. Kenneth Briggs  
937-713-1022; DSN: 713-1022

Contracting Officer – Mr. Ryan Masin  
937-257-6793; DSN: 787-6793

## Upcoming Acquisitions

---

**Project Name:** Reliability and Maintainability Information System (REMIS) – Capability Support

**Program Description:** The Air Force (AF) Enterprise system that provides real time operational maintenance status on aircraft and weapon systems combat readiness, availability, reliability, maintainability, trend analysis, failure prediction, utilization, Time Compliance Technical Order (TCTO) and configuration status of all Air Force weapon systems world-wide.

**Objective:** Provide development and agile support for REMIS. Support is anticipated to be off-site (i.e., contractor facility). Task management activities will be located on-site at Wright-Patterson Air Force Base, OH.

**Scope:** Provide application services to support the REMIS Program Office in:

- 1) Development, testing and fielding of approved USAF requirements
- 2) Migrate the REMIS application and data from Defense Information Systems Agency (DISA) to an AF approved Cloud environment
- 3) Subsume other logistics systems as may be directed by the AF

**Acquisition Approach:** TBD

**Period of Performance:** September 2021 – September 2026 (One year base period plus four 1-year option periods)

**Anticipated RFP Release Date:** 2QFY20

**Estimated Dollar Value:** \$60M – \$85M

**NAICS Code:** 541511 – Custom Computer Programming Services  
541512 – Computer Systems Design Services

**Small Business Set Aside:** TBD

**Incumbent:** Northrop Grumman Systems Corporation, FA8732-14-D-0028 SC01

**POCs:** Program Manager (Acting) – Ms. Sandy VanEtten  
937-656-2460; DSN: 986-2460

Contracting Officer – Mr. David Zeller  
937-656-0148; DSN: 986-0148

**Upcoming Acquisitions**

**Project Name:** Base Support and Expeditionary Planning Tool (BaS&E) & Logistics Module (LOGMOD) - Software Operations and Sustainment

**Program Description:** BaS&E captures all aspects of Air Force expeditionary/garrison locations to include aircraft supportability, housing and transportation, to provide Command and Control (C2) for rapid beddown assessment by combatant commanders. LOGMOD provides web-based C2 capability for deployment and/or reception planning, execution to support worldwide deployments of forces across the Total Force. LOGMOD effectively imports the planning data of a campaign created in the Joint Operational Planning and Execution System (JOPES). Headquarters Air Force (HAF) and Major Command (MAJCOM) visibility allows oversight and planning for all Air Force logistics commitments.

**Objective:** Software Operations and Sustainment

**Scope:** BaS&E and LOGMOD require contractor support for needs analysis, requirement definition, coordination of design, software modernization and enhancement, Tier II/III help desk support, code and unit testing, integration testing, functional testing, implementation, sustainment, and follow-on customer support. Both programs are transitioning from waterfall to agile software development methodologies. Both BaS&E and LOGMOD also maintain Non-Secure Internet Protocol Router (NIPR) baselines within the Common Computing Environment (CCE) hosted within Amazon Web Services (AWS). BaS&E specifically, also maintains a Secure Internet Protocol Router (SIPR) baseline currently hosted within Global Combat Support Systems – Air Force (GCSS-AF) infrastructure, but is expected to migrate to CCE-AWS in the near future.

**Acquisition Approach:** Competitive 8(a)

**Period of Performance:** July 2020 – July 2025 (One year base period plus four 1-year option periods)

**Anticipated RFP Release Date:** 2QFY20

**Estimated Dollar Value:** \$8M – \$10M

**NAICS Code:** 541511 – Custom Computer Programming Services

**Small Business Set Aside:** Yes

**Incumbent:** SJ Technologies Inc., FA8771-15-C-0003

**POCs:** Program Manager – Capt Curtis Kervin Jr.  
334-416-4444; DSN: 596-4444

Contracting Officer – Ms. Yolanda McCain  
334-416-5307; DSN: 596-5307

**Upcoming Acquisitions**

**Project Name:** Base Support and Expeditionary Planning Tool (BaS&E) and Logistics Module (LOGMOD) Program Support - (War Planning Execution Systems (WPES))

**Program Description:** BaS&E captures all aspects of Air Force expeditionary/garrison locations to include aircraft supportability, housing and transportation, to provide Command and Control (C2) for rapid beddown assessment by combatant commanders. LOGMOD provides web-based C2 capability for deployment and/or reception planning, execution to support worldwide deployments of forces across the Total Force. LOGMOD effectively imports the planning data of a campaign created in the Joint Operational Planning and Execution System (JOPES). Headquarters Air Force (HAF) and Major Command (MAJCOM) visibility allows oversight and planning for all Air Force logistics commitments.

**Objective:** Combine LOGMOD and BaS&E's Program Support personnel into one contract vehicle.

**Scope:** Support the program office with requirements development, risk management, user testing, user training and quality assurance of software/deliverables from software development contract. Program is transitioning from waterfall to agile software development and is also transitioning from being hosted in Global Combat Support Systems – Air Force (GCSS-AF) to the Amazon Cloud (AWS).

**Acquisition Approach:** Competitive 8(a)

**Period of Performance:** September 2020 – September 2024 (One year base period plus three 1-year option periods)

**Anticipated RFP Release Date:** 2QFY20

**Estimated Dollar Value:** \$5M – \$5.5M

**NAICS Code:** 541511 – Custom Computer Programming Services

**Small Business Set Aside:** Yes

**Incumbent:** Certified Technical Experts, Inc., 22nd Century Technologies, FA8771-16-F-0014

**POCs:** Program Manager – Ms. Destini S Bray  
334-416-4938; DSN: 596-4938

Contracting Officer – Ms. Yolanda McCain  
334-416-5307; DSN: 596-5307

**Upcoming Acquisitions**

**Project Name:** Deliberate and Crisis Action Planning and Execution Segments (DCAPES) Sustainment and Development

**Program Description:** DCAPES Increment 2B provides capabilities to the US Air Force (USAF) warfighter needs to support the entire conflict continuum – from major combat operations and campaigns to smaller scale contingencies and crisis response operations. It enables the Air Force to posture trained and equipped forces, organized in effects-based operational capability packages, to deliver effective aerospace capabilities to the Joint warfighter. DCAPES enables wing/base planners to support and execute the missions of planning, presenting, sourcing, mobilizing, deploying, accounting for, sustaining, redeploying and reconstituting forces within the warfighting commanders' required decision cycles. The mission of DCAPES is to support Joint and Air Force Adaptive Planning and Execution (APEX) needs by enabling the warfighter to rapidly respond to a Combatant Commander's (COCOM's) force requirements. Provide real-time Command and Control (C2), planning and execution information supporting the USAF manpower, personnel, operations and logistics force presentation and execution processes while providing a single integrated data environment to project aerospace power world-wide.

**Objective:** The objective of this development is to provide services in support of DCAPES. This includes all activities required for DCAPES to maintain interoperability with JOPES and other AF and joint systems, and deliver and respond to unforeseen critical warfighter requirements.

**Scope:** The scope of this development effort is comprised of seven distinct functional areas:

- 1) Requirements Management,
- 2) Release Planning
- 3) Software Development and Delivery
- 4) Testing Support
- 5) Management and Infrastructure services
- 6) Training
- 7) Support Activities

**Acquisition Approach:** Execution of new contract action (task order) under Fair Opportunity Exception (FOE) in accordance with FAR 16.505(b)(2)(i)(B). FOE will be posted to the Government Point of Entry (GPE) in accordance with requirements outlined in FAR 16.505(b)(2)(ii)(D) and FAR 5.301

**Period of Performance:** April 2020 – April 2024 (One year base period plus three 1-year option periods)

**Anticipated RFP Release Date:** 1QFY20

**Estimated Dollar Value:** \$40M

**NAICS Code:** 541511 - Custom Computer Programming Services

**Small Business Set Aside:** Large business with small business subcontracting opportunities

**Incumbent:** Array Information Technology, Inc., FA8770-16-F-0008

**POCs:** Program Manager – Lt Col Matthew Veale  
334-416-5915; DSN: 416-5915

Contracting Officer – Ms. Rebecca Quint  
334-416-6173; DSN: 596-6173

# HIB BUSINESS SYSTEMS

2019

## Upcoming Acquisitions

**Project Name:** Enterprise Environmental Safety and Occupational Health Management Information System (EESOH-MIS) Sustainment Support

**Program Description:** EESOH-MIS is an Air Force (AF) maintained, joint user, Business Category II system that provides full spectrum Environmental, Safety, and Occupational Health (ESOH) data and information to program managers through the consolidation of numerous individual ESOH areas (Hazardous Materials, Hazardous Waste, Cleanup, Environmental Reporting, and Range Assessments) from a single information management system.

**Objective:** To obtain services to sustain and perform software and tech refresh activities necessary to maintain the fielded version of EESOH-MIS, while continuing to transition to multiple product teams using a hybrid Scaled Agile Framework (SAFe) Agile processes. This contract will support all phases of EESOH-MIS lifecycle management.

**Scope:** Ensure extensive information management capabilities are provided to assist the Civil Engineer with Hazardous Materials identification and tracking, Hazardous Waste identification and tracking, Range Assessment, Restoration and Cleanup, and Environmental Reporting functions. Provide sustainment services to include helpdesk level I support, application sustainment support (helpdesk level II and III, operational and compliance changes, documentation, and releases), agency migration, and environmental data stewarding while managing government approved hybrid SAFe Agile sprints and activities.

**Acquisition Approach:** TBD

**Period of Performance:** April 2020 – April 2025 (One year base period plus four 1-year option periods)

**Anticipated RFP Release Date:** 1QFY20

**Estimated Dollar Value:** TBD

**NAICS Code:** 541511 – Custom Computer Programming Services

**Small Business Set Aside:** Yes

**Incumbent:** Excellus Solutions, LLC, FA8771-12-D-1006 / FA8771-16-F-8200

**POCs:** Program Manager – Mr. Roger Zinke  
334-416-6694; DSN: 596-6694

Contracting Officer – Mr. Orin Henderson  
334-416-5549; DSN: 596-5549

**Project Name:** EZ Source

**Program Description:** EZ Source is a government-off-the-shelf (GOTS) application used by source selection (SS) teams to aid in the Air Force (AF) SS process. EZ Source supports the AF Contracting mission by facilitating the creation, organization, protection, and communication of sensitive, unclassified, SS documentation for SS teams. It supports ACAT I-II and non-ACAT SS teams; it is a mandatory tool for contract awards valued at great than \$50M.

**Objective:** To support the Cloud migration and sustainment of EZ Source application, which provides support to the AF acquisition mission ensuring the protection of sensitive SS documentation.

**Scope:** EZ Source requires contractor support for the procurement and management of GovCloud services, CloudOps support, application Training and Help Desk support.

**Acquisition Approach:** Competitive 8(a)

**Period of Performance:** January 2020 – January 2025 (One year base period plus four 1-year option periods)

**Anticipated RFP Release Date:** 4QFY19

**Estimated Dollar Value:** \$3M – \$6M

**NAICS Code:** 541519 – Other Computer Related Services

**Small Business Set Aside:** Yes

**Incumbent:** Diné Source, LLC, FA8770-19-C-0530

**POCs:** Program Manager – Ms. Lauren McGinley  
937-656-2566; DSN: 986-2566

Contracting Officer – Ms. Jillian Kovacs  
937-904-0213; DSN: 674-0213

**Upcoming Acquisitions**

---

**Project Name:** Global Force Management – Data Initiative Air Force Organizational Server (GFM-DI AFOS)

**Program Description:** The GFM-DI AFOS ensures force-structure data is available for Combatant Commanders (COCOMs) use in real-time strategic war planning. The AFOS provides data visibility down to the individual billet and asset level to include the past, present and future structure of each AF organization. The AFOS produces consistent force structure data in the Joint Staff J8 format that is well defined, centrally managed and interoperable in a net-centric environment for use by other users, systems and functions, as needed.

**Objective:** To support the GFM-DI AFOS mission ensuring War and Contingency Planners in the Air Force and Joint Staff will have timely access to authoritative Air Force force structure, manpower/platform authorizations, and/or current allocations of the same.

**Scope:** GFM-DI requires contractor support for the development and maintenance of the Air Force Organizational Server (AFOS) Secure Internet Protocol Router (SIPR) and Non-Secure Internet Protocol Router (NIPR) versions 2.x within the appropriate Defense Information Systems Agency (DISA) environment.

**Acquisition Approach:** Sole Source 8(a)

**Period of Performance:** March 2020 - March 2022 (One year base period plus one 1-year option periods)

**Anticipated RFP Release Date:** TBD

**Estimated Dollar Value:** \$3M - \$4M

**NAICS Code:** 541511 – Custom Computer Programming Services

**Small Business Set Aside:** Yes

**Incumbent:** Iron Flame Technologies, Inc., FA8771-17-F-0010

**POCs:** Program Manager – Ms. Kelly E Bryant  
334-416-6600; DSN: 596-6600

Contracting Officer – Mr. Orin Henderson  
334-416-5549; DSN: 596-5549

**Upcoming Acquisitions**

---

**Project Name:** Integrated Budget Documentation and Execution System (IDECS)

**Program Description:** IDECS enables business practices in supporting Air Force (AF) budget development cycles during the Planning, Programming, Budgeting, and Execution process. It supports authoring, review, consolidation, and publication of investment budget justification documentation for the annual Office of the Secretary of Defense (OSD) Program Budget Review (PBR) and the President's Budget (PB) submission to the Congress.

**Objective:** Support the Deputy Assistant Secretary of the Air Force for Acquisition Integration, Chief Information Office (SAF/AQXS) in the enhancement and sustainment of the IDECS capability.

**Scope:** Integrate programming, budgeting, and execution activities for AF programs using the IDECS capability. High level requirements will require functional and technical expertise in the following general task and activity areas:

- 1) Program Management
- 2) Help Desk Support
- 3) Training Support
- 4) Maintenance and Concept Support (DISA Hosting Facility)
- 5) Systems Cybersecurity/Information Assurance Certification
- 6) System Maintenance/Enhancement and Sustainment
- 7) Software Release Management
- 8) Testing

**Acquisition Approach:** TBD

**Period of Performance:** March 2021 – March 2026 (One year base period plus four 1-year option periods)

**Anticipated RFP Release Date:** 4QFY20

**Estimated Dollar Value:** \$10M – \$15M

**NAICS Code:** 541511 – Custom Computer Programming Services

**Small Business Set Aside:** TBD

**Incumbent:** Array Information Technology, Inc., FA8771-12-D-1011 SC18

**POCs:** Program Manager – Ms. Sara Hacker  
937-904-0015; DSN: 674-0015

Contracting Officer – Mr. Brian Thompson  
937-713-2339; DSN: 713-2339

**Upcoming Acquisitions**

**Project Name:** Project Management Resource Tools (PMRT)

**Program Description:** PMRT is a suite of enterprise applications designed to support a number of key facets of program and financial management, acquisition reporting, and supervisory oversight. The primary PMRT applications are Comprehensive Cost and Reporting (CCaR), Data Access Program Reporting (DAPR), Resource Identification Tool (RIT), Strategic Management Tool (SMT), Monthly Acquisition Report (MAR), Strategic Resource Management (SRM) and PMRT Enterprise Analytics.

**Objective:** Support the Deputy Assistant Secretary of the Air Force for Acquisition Integration, Chief Information Office (SAF/AQXS) in the enhancement and sustainment of the PMRT system.

**Scope:** High-level system requirements include:

- 1) Development and Deployment Support for all future PMRT System Enhancements
- 2) Sustainment Support for all current and future PMRT Applications
- 3) Help Desk Support for all current and future PMRT Applications
- 4) Training and Operations Support for all current and future PMRT Applications
- 5) Test and Evaluation Support for all current and future PMRT applications
- 6) Program Management, Portfolio Management, and Technical Management Support
- 7) Cybersecurity Expertise in support of Financial Improvement and Audit Readiness (FIAR) and Risk Management Framework (RMF)
- 8) Re-factoring expertise and capabilities to support the moving of PMRT to the commercial cloud

**Acquisition Approach:** TBD

**Period of Performance:** February 2020 – February 2025 (One year base period plus four 1-year option periods)

**Anticipated RFP Release Date:** 1QFY20

**Estimated Dollar Value:** \$43.3M

**NAICS Code:** 518210 – Data Processing, Hosting, and Related Services

**Small Business Set Aside:** Yes

**Incumbent:** Integrated Data Services, Inc., GS-35F-0272J/Order No. HC1028-16-F-0108

**POCs:** Program Manager – Mr. Marvin W Black  
937-257-9928; DSN: 787-9928

Contracting Officer – Mr. James Wilson  
937-257-3246; DSN: 787-3246

**Upcoming Acquisitions**

---

**Project Name:** Field Assistance Service (FAS)

**Program Description:** The FAS provides help desk support to approximately 100 applications systems developed, acquired, and maintained Combat Support Information Systems (CSIS) and communication computer systems.

**Objective:** Provide around the clock professional response to user trouble calls to prevent adverse impacts on user missions and degraded system support to those users. FAS personnel respond to trouble reports and calls by providing first level technical support on application software, hardware, operating system, network connectivity, and system documentation problems

**Scope:** The Field Assistance Services is a frontline 24/7/365 Tier-1 help desk support for the Air Force and other Department of Defense users worldwide. Provide system specific knowledge to resolve incidents related to enterprise applications supported by the FAS.

**Acquisition Approach:** National Institute of Health and Human Services Information Technology Acquisition and Assessment Center (NITAAC) CIO-SP3 Small Business Government-Wide Acquisition Contract (GWAC)

**Period of Performance:** April 2020 – April 2024 (One year base period plus three 1-year option periods)

**Anticipated RFP Release Date:** 2QFY20

**Estimated Dollar Value:** \$34M - \$45M

**NAICS Code:** 541511 – Custom Computer Programming Services

**Small Business Set Aside:** Yes

**Incumbent:** IndraSoft, Inc., FA8771-12-D-1009 0006

**POCs:** Program Manager – Ms. Corlis Allen  
334-416-7942; DSN: 596-7942

Contracting Officer – Ms. Yolanda McCain  
334-416-5307; DSN: 596-5307

# HIZ

## NETWORK OPERATIONS

2019

### Upcoming Acquisitions

---

**Project Name:** Gunter Network Control Center (NCC)

**Program Description:** Provide technical expertise and continuity of operations in support of the AFLCMC Operations Division (HIZ) Network Operations. (HIZA). HIZ provides network operations of classified and unclassified networks to include network administration, network architecture, network management, network configuration, software and change management, network applications services, cable installation and maintenance, Information Assurance (IA), web administration, database development and maintenance, personal computer maintenance, voice over internet protocol (VoIP), network helpdesk services, and on call support.

**Objective:** Support the Air Force and Department of Defense by providing core network services to the Maxwell AFB-Gunter Annex community to meet the operational needs of the BES Directorate, Command, Control, Communications, Intelligence and Network Directorate (C3I&N), 26 Network Operations Squadron, the 45 Test Squadron OL-A, and the Defense Health Agency (DHA).

**Scope:** NCC provides cutting-edge IT services and support daily to over 2,000 local users to include management of network and internet access, personal device management, file storage, server management, application hosting, help desk support, and operational assessment of next generation software and hardware.

**Acquisition Approach:** NETOPS and Infrastructure Small Business

**Period of Performance:** March 2020 – March 2025 (One year base period plus four 1-year option periods)

**Anticipated RFP Release Date:** 4QFY19

**Estimated Dollar Value:** \$8.5M

**NAICS Code:** 517311 – Wired Telecommunications Carriers

**Small Business Set Aside:** Yes

**Incumbent:** STG, Inc., FA8732-14-D-0020 0003

**POCs:** Program Manager – Capt Devan Thompson  
334-416-7335; DSN: 596-7335

Contracting Officer – Mr. Avery L Brown  
334-416-5633; DSN: 596-5633
