The SMART GUIDE *for* Upcoming Acquisitions

Spring 2022

An outline of acquisition information for upcoming business opportunities in BES for the next 18 months

Business and Enterprise Systems

We *run the* SYSTEMS *that run the* AF!

An outline of acquisition information for upcoming business opportunities in BES for the next 18 months

OBJECTIVE

Enhance communications between members of Industry and the Business and Enterprise Systems (BES) Directorate

DISCLAIMER

The following opportunities listed in the Smart Guide are speculative and the appearance of the information in this document or website in no way guarantees a contract action will be awarded. There is no guarantee as to the requirements described in this document and as to the form or type of acquisition for each of these projected requirements. The Air Force will not guarantee form and/or timing of later notifications (e.g. RFQ, RFP, BPA, Task Order, etc). It is the responsibility of interested parties to follow-up diligently in order to determine if and when a solicitation is advertised.

THINGS TO KNOW

For questions about BES communications and events, please contact the **BES Strategic Communications Team** at **besstratcomm@us.af.mil**

To schedule a meeting or company capability presentation, complete the **BES Meeting Request Form** located on our website at **www.airforcebes.af.mil/besvendorcomm**

Mission Support Systems

Logistics Module (LOGMOD) and Base Support and Expeditionary (BaS&E) Planning Tool

G

Capability Delivery Managers:
Ms. Makeysha McKinnis: (334) 416-4355
Capt Johnathan McAllister: (334) 416-4444

Contracting Officer:
Capt William Adams: (334) 416-4349

Program Description: LOGMOD provides web-based C2 capability for deployment and/or reception planning, execution to support worldwide deployments of forces across the Total Force. LOGMOD effectively imports the planning data of a campaign created in the Joint Operational Planning and Execution System (JOPES). Headquarters Air Force (HAF) and Major Command (MAJCOM) visibility allows oversight and planning for all Air Force logistics commitments. Base Support and Expeditionary Planning (BaS&E) is a system that supports the base support and expeditionary site planning processes by identifying resources and combat support requirements at planned and potential employment locations. It provides bed-down capability analysis, limiting factor identification, and facilitates force tailoring decisions. BaS&E captures all aspects of a site/location such as flight line, housing and transportation to determine which location can best support incoming forces based on tasking.

Objective: Software Operations and Sustainment Support.

Scope: The US Air Force (USAF) seeks to sustain, ensure continuity of operational service, and enhance system functionality for end-users utilizing product teams for both BaS&E and LOGMOD based on system needs. This includes user story collaboration, needs analysis, coordination of design, software development, incorporating Risk Management Framework (RMF) concepts to meet RMF objectives, code and unit testing, database and system administration, integration testing, implementation, and sustainment. These continuous development projects will use agile development principles, with robust documentation, user-centered design, and an extensible infrastructure.

Acquisition Approach/Contract Vehicle (If known):

8(a) Competitive/8(a) STARS III

Period of Performance:

April 2023 – April 2027 (One year base period plus three 1-year option periods)

Anticipated FOPR Release Date:

4QFY22

Estimated Dollar Value:

$10M

NAICS Code:

541511 – Custom Computer Programming Services

Small Business Set Aside:

Yes

Incumbent:

FEDITC, LLC, FA8771-20-F-0036

GBE
Technical Services

Enterprise Architecture Services (EAS)

G

Capability Delivery Manager:
Mr. Matthew West: (334) 416-5057

Contracting Officer:
Ms. Lashunya Johnson-Vinson: (334) 416-5234

Program Description: Provides guidance and Task Order services on developing integrated Department of Defense Architecture Frameworks (DoDAF) artifacts, best practices on the use of architectures (i.e., business process reengineering, capability requirements, technical standards, and cloud migrations), and certifications which require DoDAF products (Interoperability, Business Enterprise Architecture (BEA), Clinger-Cohen Act (CCA)).

Objective: Provides AF PEO BES with a source of highly trained and skilled Enterprise Architects that develop compliant architecture products supporting requirements and design activities for the warfighter.

Scope: Architecture-specific technical expertise and other input as required, for managed and/or developed Enterprise Architecture (EA) for Automated Information Systems (AISs). Provide technical expertise to program offices in their efforts to develop architecture artifacts within each PMO's required views and deliverables. Assemble architecture information from business and/or system artifacts and create the appropriate architecture view/model. Provide expertise navigating architecture requirements for Information Support Plans (ISP), Net-Ready Key Performance Parameter (NR-KPP), and/or Joint Interoperability Certification (JIC). Produce Air Force and Joint compliant ISPs.

Acquisition Approach/Contract Vehicle (If known):

8(a) Sole Source

Period of Performance:

TBD (One year base period plus four 1-year option periods, and one 6-month extension)

Anticipated RFP Release Date:

4QFY22

Estimated Dollar Value:

$25M - $35M

NAICS Code:

541512 – Computer Systems Design Services

Small Business Set Aside:

Yes

Incumbent:

Bowhead Business and Technology Solutions, LLC, FA8771-18-D-0001

Defense Enterprise Accounting and Management System (DEAMS) Technical SME Support

WP

Capability Delivery Manager:
Maj Brian Riley: (937) 713-0893

Contracting Officer:
Mr. Micah Flax: (937) 713-0948

Program Description: DEAMS is an accounting Enterprise Resource Planning (ERP) solution based on the Oracle e-Business Suite (EBS), for the USAF and the United States Transportation Command (USTRANSCOM) as established by the Assistant Secretary of the Air Force, Financial Management and Comptroller (SAF/FM). DEAMS provides accurate and timely financial information using standardized business rules and processes and complies with existing laws, regulations and policies. DEAMS is a long-term solution toward sustaining audit readiness and correcting financial reporting weaknesses. The Program and Functional Management Offices reside at Wright-Patterson AFB in Dayton, Ohio.

Objective: Acquire the services necessary to support and sustain the DEAMS program in order to achieve a fully integrated and auditable financial management system.

Scope: Subject matter expertise to support agile requirements, design, development, testing and deployment across the DEAMS program.

Acquisition Approach/Contract Vehicle (If known):

TBD, Pending Market Research

Period of Performance:

November 2022 – November 2027 (One year base period plus four 1-year option periods)

Anticipated RFP Release Date:

4QFY22

Estimated Dollar Value:

$60M

NAICS Code:

541512 - Computer System Design Services

Small Business Set Aside:

Program Budget Enterprise System (PBES)

GBG Financial Systems

G

Capability Delivery Manager:
Ms. Gena Howard: (334) 416-6982

Contracting Officer:
Ms. Princess Kendrick: (334) 416-5203

Program Description: PBES is a single solution software development effort that will utilize a service-oriented architecture (SOA) to deliver budgeting and programming capability for the USAF. PBES replaced legacy systems ABIDES, RAPIDS, FSDM and ETT. PBES delivers transparent and timely resource allocation decisions, conducts comprehensive and accurate financial analysis and facilitates decision making throughout Strategy Definition, Program Planning, Programming, Budgeting and Execution. Additionally, PBES processes strategic management of USAF programs assisting with compliance reporting, including performance-based budgets, performance accountability reports, and program assessment and evaluations.

Objective: Continued Sustainment of the PBES system.

Scope: Agile software release, system sustainment, Level 3 help desk, user training.

Human Resources Systems Technical Support (HRSTS)

R

Capability Delivery Manager:
Mr. Matthew Baker: (210) 565-2685

Contracting Officer:
Ms. Colleen Koon: (210) 565-4232

Program Description: AFLCMC/GBH, using Contractor technical support, acquires and maintains IT systems that support the Air Force human resources mission and the operations at JBSA-Randolph, TX 78150. The organization's mission is to deliver a global 24/7 Total Force (TF) personnel service capability providing integrated, standardized systems that are easy to access and use. The Contractor shall provide IT Application maintenance, development, migration, integration, and test support to these systems.

Objective: Software maintenance and development services for human resources systems supporting HAF/A1, S1, AFPC, AETC, ARPC, and NGB.

Scope: Analysis of requirements, development, cybersecurity, configuration management (CM), test and evaluation, database (DB) applications operations support, tools (client server administration), standard desktop configuration (SDC), test and development environment (T&DE), migration, integration, and documentation support to a variety of software systems that support the USAF and USSF total force personnel services mission.

Acquisition Approach/Contract Vehicle (If known):

Small Business Enterprise Applications Solutions (SBEAS)

Period of Performance:

August 2023 – July 2028 (One year base period plus four 1-year option periods)

Anticipated FOPR Release Date:

Talent Management and Learning Integration (TMALI)

R

Capability Delivery Manager:
Ms. Bethany Medina: (210) 656-1234

Contracting Officer:
Ms. Jacqueline Downie: (210) 665-1111

Program Description: TMALI is technical refreshment of the ACC/A3J legacy TACTICS system onto a FedRAMP-approved IL-4 Oracle Fusion Cloud (OFC) Human Capital Management (HCM) environment. TMALI hosts, delivers, logs & tracks lifecycle training for AF Tactical Air Control Party (TACP) personnel.

Objective: Complete tech refresh of TACTICS, implement learning management capabilities for the TACP Formal Training Unit (FTU) and provide system sustainment.

Scope: Agile development/configuration of new OFC HCM capabilities, deliver training & manuals, support to User Acceptance Testing, and system sustainment.

Acquisition Approach/Contract Vehicle (If known):

Small Business Enterprise Applications Solutions (SBEAS)

Period of Performance:

September 2022 – September 2024 (One year base period plus one 1-year option period)

Field Assistance Service (FAS)

G

Capability Delivery Manager:
Ms. Corlis Allen: (334) 416-7492

Contracting Officer:
Capt Turner Walton: (334) 416-7165

Program Description: The FAS provides help desk support to approximately 80 applications systems developed, acquired, and maintained Combat Support Information Systems (CSIS) and communication computer systems.

Objective: Provide around the clock professional response to user trouble calls to prevent adverse impacts on user missions and degraded system support to those users. FAS personnel respond to trouble reports and calls by providing first level technical support on application software, hardware, operating system, network connectivity, and system documentation problems.

Scope: The Field Assistance Services is a frontline 24/7/365 Tier-1 help desk support for the Air Force and other Department of Defense users worldwide. Provide system specific knowledge to resolve incidents related to enterprise applications supported by the FAS.

Acquisition Approach/Contract Vehicle (If known):

Small Business Enterprise Applications Solutions (SBEAS)

Period of Performance:

April 2023 – April 2027 (One year base period plus three 1-year option periods)
